SUTTON WAS SHOT AS HE RAN AWAY

Sergeant Todd, Eye Witness to Tragedy, in Startling Interview.

WONDERS WHY HE IS NOT CALLED IN CASE

Mother and Sister of Dead Marine Corps Officer on the Stand.

Boston, Aug. 10.—In an interview attributed to Sergeant Arthur Todd, of the United States marine corps, and published today in the Boston Post, it is stated that if he should be called before the investigation of the death of Lieutenant James Sutton his testimony would be exactly opposite to that given by Sutton's fellow officers.

Sergeant Todd, who has been on range duty at Wakefield, left early today for Annapolis. In describing the shooting Todd says:

"I was corporal of the guard on the night Sutton was shot and from the place where I was standing I saw the figure about 250 feet away. I saw Lieuts. Adams and Osterman and recognized them. They were nearer me. The man who was in shirt sleeves started to run and I heard a voice say, 'Stop running. You're under arrest.'

"The man ran on and I heard the same voice cry out loudly, 'Stop running or I'll shoot.'

Saw Flash; Heard Report.

"The man paid no attention and ran on, and then the next moment I saw a flash and heard a revolver report. There were three other shots and the man who was running dropped, I do not know at what shot.

"I ran over to him and bent over him. It was Lieut. Sutton. I saw a hole in the man's forehead where there was a ragged entrance and a hole back of the left ear, where the bullet came out clean.

"Lieut. Roelker, who has been so often mentioned in the case, came into the guard room where I then was, a short time before the shooting. He was with a private named Richardson and they had a drink together. At the time of the shooting he was not anywhere in sight.

"The next morning an enlisted man found a revolver on the ball field which was not the regular service revolver, but a thirty-two caliber affair."

Once Had the Bullet.

Todd said at one time in the conversation that he had the bullet himself that killed Sutton, but later stated that someone else had taken it. He refused to state finally whether he knew where the bullet was or not.

"Just after the shooting, when I had returned to the guard room, Roelker came in all out of breath and greatly excited. He said, 'My God, Archie, I think I've been shot.'

"I laughed at him at first, but he was so earnest about it that I felt in his left hand outside pocket just over the heart. There was a drill regulation book there and a bullet had become mushroomed in the pages.

Bullet Was Flattened.

"Roelker was very excited when I pulled out the book and showed him the bullet and the way in which his life had been saved. He stripped down to the skin and there was a perceptible reddish tinge just over his heart, showing just where the bullet would

NATIVE BORN, HE IS BARRED FROM HIS OWN LAND

Philadelphia Chinaman Returning from Orient Cannot Get In.

Philadelphia, Aug. 10.—Senator Ernest L. Tustin, of this city, is using his utmost endeavors to secure the admission into this country of Harry Lee Sing, the Philadelphia citizen Chinaman, who, with his bride, is being held by the United States authorities at New York. The state senator has addressed a letter to the secretary of commerce and labor in which he states if he does not receive a satisfactory reply he will go to Malone, N. Y., and bring Sing into this country by a writ of habeas corpus. In the letter the senator says:

"Harry Lee Sing is an American citizen and a voter of the city of Philadelphia. He left Philadelphia some time since and has married a Chinese bride, and was on his way back to the United States when he was stopped by the authorities at Malone, N. Y. Being born of Chinese parents in the United States he has served on jury duty here.

"The action of the officer at Malone puts this man in the most peculiar predicament. He is not a subject of the emperor of China, and as an American citizen he is refused admission to his native country. This surely makes him a man without a country, and should give him every right of appeal."

Sing did not make certain assurances to the immigration inspector which departing Chinamen who expect to return should do.

When he reached the American border on his return the authorities detained him

BANK'S SHORTAGE BEYOND $150,000

Tipton Concern Looted by Noah Marker May Not be Re-opened.

GOVERNMENT WILL SEND PROBE DEEP

Fowler Comes from Washington to Assist in Unraveling Tangle.

Indianapolis, Aug. 10.—A dispatch to the News from Washington says that Deputy Comptroller of the Currency M. J. Fowler, who is an Indiana man, has been ordered to go to Tipton, Ind., to assist Miller Weir, national bank examiner at large, in further investigation of the affairs of the First National bank of that city.

Mr. Weir already has reported a shortage of $150,000 in the funds of the bank. Its assistant cashier, Noah Marker, is charged with embezzling $50,000 and is under bond to appear before the federal grand jury at Indianapolis in November. William Marker, brother of the alleged defaulter, has resigned as cashier of the bank.

The directors of the bank, it is said, have asked for more time to decide whether or not they shall make good the shortage and open the bank for business. If it shall be determined to turn the bank into the hands of a receiver, Examiner Weir will be appointed.

WOMAN BEGGED FOR REFUGE FROM A BAD MAN

Case of Drugging and Dragging Caught in Process in New York.

New York, Aug. 10.—Suffering from hysteria and what the police say are the effects of a drug, Mrs. Elizabeth Nosker, who before she collapsed on a subway platform early today described herself as the wife of a business man, is unconscious in the New York hospital. William H. Lehlan, of Bay Ridge, Brooklyn, was arrested on a charge of disorderly conduct and will be held until Mrs. Nosker is able to appear in connection with the case. At the hospital it was said she would recover and probably be able to be in court tomorrow.

Lehlan's arrest followed a report to a policeman that a man was trying to drag a woman from a cab into a hotel near Twenty-eighth street and Madison avenue early this morning. When the officer appeared the woman broke away from the man and, according to the policeman, fell on her knees on the sidewalk crying, "Take me away. Save me from that man; for God's sake, take me home."

The officer took her to the subway station, where she collapsed suffering from what the ambulance surgeon declared was the effect of a drug. The man had followed her there and protested that he was her friend and that there was nothing the matter with her when arrested. He gave his name as William H. Lehlan. When he was asked about the trouble today he said:

"There is nothing in the case. I have known her since she was fifteen years old. I used to live in Chicago and we were playmates there. I am the best friend she has and she knows it."

FOUND A HUMAN LEG ON PILOT OF THE LOCOMOTIVE

Went Back and Found Bodies of Two Men Mangled Horribly.

Chicago, Aug. 10.—The grewsome discovery of the leg of a man on the pilot of a Baltimore and Ohio railroad engine at Ninety-fifth street and St. Lawrence avenue, led to the finding today of the bodies of two men, which were mangled almost beyond recognition.

The bodies were those of James E. O'Conner, a boilermaker employed in the Illinois Central railroad shops at Burnside, Ill., and his helper, Dennis Crowley.

The men presumably were struck by the engine while walking on the tracks of the "Belt line" railroad.

Both the engineer and fireman of the engine insisted that they had no knowledge of the manner in which the men met their deaths.

SNAPSHOTS OF SCENES OF THE WAR BETWEEN SPANISH AND THE KABYLES AT MELILLA

TROOPS WAITING TO START FOR SCENE OF ACTION

REMOVING THE WOUNDED.

SOLDIERS GOING TO THE FRONT.

SOLDIERS BRINGING IN WOUNDED.

According to the latest cable dispatches the Spanish forces in Morocco are facing a decisive battle with the Moors, against whom they have been waging a most unsatisfactory campaign in and around Melilla. The tribesmen are reported to be massing in greater force than ever preparatory to an attack on the Spanish, which is always made with all the zeal and fanaticism, which are ever engendered among them by the preaching of a "holy war."

While the Moors have lost heavily in every engagement so far, they do not seem to have lost any spirit or to have been weakened to any extent. Their army near Melilla is being constantly reinforced by the tribesmen from the back country, and they seem to have practically inexhaustible resources, not only for munitions of war, but food supplies.

As a rule the Moors have been the aggressors and have virtually begun all the battles so far waged. Several times they have managed either to ambush the Spanish forces sent out by General Merina or to surprise them, in one of these encounters inflicting a severe blow on the Spaniards in the loss of General Pintos and other officers.

A WATER POWER TRUST FORMING

Gifford Pinchot Charges That Seizure of Utilities is Going On.

AGENTS AT WORK IN LATE CONGRESS

Government Forester Stirs Up Sensation in Irrigation Congress.

Spokane, Wash., April 10.—Gifford Pinchot evidently found out why he stands at the national irrigation congress today when the twelve hundred delegates in the big armory gave him an ovation lasting fully five minutes and winding up with a burst of three cheers. This was the wildest reception yet accorded a speaker before the congress.

A spell of silence fell over the entire assembly when Mr. Pinchot directly charged that there is a water power trust in process of formation.

"Not only this," he said, "but this water power trust does not have any hesitancy about appearing before this congress in the persons of its attorneys and seeks to break down the last remaining opposition to ownership of all the power in the country.

"In fact," he continued, "I know one genial and urbane gentleman who is here now helping the trusts cause. The time for protest is very short and the water power trust will show but little consideration to the common people if once the power of the country is centralized. In power there is life and the power trust will eventually control all other trusts."

Among the features of the morning session was a resolution introduced by John I. Martin, of St. Louis, sergeant at arms at several democratic conventions, calling for the support of the irrigation congress in the lakes-to-gulf waterways project.

ZEPPELIN NOT DEAD.

German Aeronaut Denies That His Career Has Ended.

Berlin, Aug. 10.—The rumor emanating from London that Count Zeppelin, the inventor of the dirigible ballon, had died, is without foundation. He is not only living, but he is quickly recovering from the effects of the minor operation for an abscess on his neck. The daring aeronaut had so far recovered that he was out walking yesterday.

COLORED RAVISHER LYNCHED.

Hopkinsville, Ky., Aug. 10.—A negro named Miller, who, it is alleged, assaulted the nine-year-old daughter of Thomas Wadlington near Cadiz yesterday, was taken from the officers who were conveying him to jail at Cadiz and lynched, some time during the night.

CALLED TO HIS DOOR AND SHOT.

Scottsville, Ky., Aug. 10.—John Simpson, a well-known farmer of the Amos neighborhood, was called to the door of his home last midnight by six masked men and shot to death. The coroner will hold an inquest this afternoon. It is said the killing was the outcome of a suit instituted by a Mrs. Douglass to recover the custody of her child, in which action it is allesed Simpson took a prominent part in her behalf.

TO MERGE C. H. & D. WITH THE B. & O.

Stockholders of Both Roads Ratify Action of the Directors.

WILL HAVE EFFECT IN LOCAL CIRCLES

Morgan's Plan for Financial Reorganization is Approved.

Cincinati, Ohio, Aug. 10.—The stockholders of the Cincinnati, Hamilton and Dayton railroad ratified the plan of the Cincinnati Hamilton and Dayton directors for the merger with the B. & O. railroad. The meeting also approved all the details of the financial reorganization as planned by J. P. Morgan. Further consent of the C. H. & D. creditors, however, must be secured before the reorganization plan can be carried out.

B. & O. STOCKHOLDERS RATIFY.

Baltimore, Md., Aug. 10.—Stockholders of the Baltimore & Ohio railroad met here today and ratified the action of the directors in taking over the Cincinnati, Hamilton & Dayton railway company.

Should the stockholders of the latter line, who are meeting at Cincinnati today for the purpose of voting on the merger proposition, ratify similar action of its directors, the question will not be settled, however, since the terms proposed for lifting the receivership of the Cincinnati, Hamilton & Dayton are opposed by some of the road's noteholders and their assent must be obtained in order to reorganize the property without foreclosure. The holders of some $1,500,000 of outstanding notes refuse to approve the terms offered. The stock of the C., H. & D. is held by J. P. Morgan & Co., of New York and it is understood the B. & O. has been given an option on it at $160 per share to be exercised any time within five years.

SHERIFF TAKES POLICE DUTY.

Washington Official Acts Under Instructions From Governor.

Washington, Ind., Aug. 10.—Sheriff Colbert has announced that acting under instructions from Governor Marshall he will from now on do regular police duty. In accordance with the chief executive's request he made a trip to the two remaining saloons of the city and served notice that hereafter he would see that no violations on their part would be tolerated.

NEW CONTAGIOUS CASES.

Cases of smallpox in the Lanternier family, at 1713 Walton avenue, and the Brockmeyer family on Walton avenue, were reported to the health department today. Ellsworth Davis, 1234 Summit street, has the scarlet fever and his case was also reported.

THE WEATHER.

Chicago, Aug. 10.—Illinois and Indiana—Fair tonight and Wednesday.

Ohio—Fair tonight and Wednesday; cooler in southwest portion tonight.

Lower Michigan—Fair tonight and Wednesday; moderate temperature.

MYSTERY VEILS AN INDIANA SHOOTING

Woman Riddled With Buckshot Fired from Ambush in Brown County.

VICTIM DRIVING ALONG THE ROAD

Shot Rang Out and She Fell Bleeding from Wounds That May be Fatal.

Nashville, Ind., Aug. 10.—Mystery surrounds the attempted assassination of Mrs. Charles Daily, who was shot from ambush and seriously wounded yesterday. Mrs. Daily was riding in an open buggy and was on her way to Edinburg when she was shot. As she approached a thicket near the roadside Mrs. Daily, who was driving a spirited horse, heard a peculiar noise. The horse became frightened and started to run away when a shot rang out.

Mrs. William Chanders, who lives nearby, heard the shot and the screams of Mrs. Dailey. When she reached the scene she found Mrs. Dailey unconscious. Physicians report Mrs. Dailey in a critical condition, buckshot from a shotgun having penetrated her back.

STRIKE IN SWEDEN APPEARS TO BE FAILING

Situation is Quiet and a Prospect Dawns That Peace is Near.

Stockholm, Aug. 10.—Perfect calm prevailed throughout the country this morning and there are evidences that the general strike inaugurated a week ago will result in failure. The Answer, the organ of the trades unions, is the only newspaper published this morning in regular form. The other journals have issued small, hand-printed editions.

Efforts are being made with some success to improve the local street car service and the street car employes have called a meeting to consider a proposal to return to work. The company has given them until noon of tomorrow to take up their old positions.

The merchants of Stockholm have announced their intention of running their delivery wagons and it is expected that the cab service will be resumed. Foreign steamers are overcoming the dock strike by bringing with them their own stevedores.

There has been a big demonstration of twenty thousand strikers at Gothenburg. In this city the labor leaders control all the vehicles.

Attorney E. G. Hoffman went to Shirley City today to appear for that municipality in a paving settlement.

FEAR LINEMAN WILL NOT SURVIVE INJURIES

Boyd Wheeler Gets Frightful Electric Shock and Fall of 30 Feet.

Boyd Wheeler, of Huntington, employed as a lineman for the Home Telephone company in this city, received frightful injuries in an electric shock and a fall from a telephone pole at High street and St. Mary's avenue at 3:30 o'clock Monday afternoon, and at St. Joseph's hospital today it is not believed the man can recover. Though he is conscious a portion of the time, and appears to be holding his own, the chances are much against him.

Wheeler was at work upon the top of the telephone pole when a metal tool protruding from his pocket came in contact with a high tension wire of the Fort Wayne and Wabash Valley Traction company, sending a very heavy voltage of electricity through his body. An instant later the injured man fell to the street, thirty feet below, sustaining a fracture of the skull, a fracture of the nose, a triple fracture of the right leg, in addition to the burns from electricity upon his hands, arms and legs. He was hurried in the Getz & Cahill ambulance to St. Joseph's hospital, where Dr. C. E. Barnett, Dr. J. C. Wallace and Dr. G. B. Stemen attended him. Before lapsing into unconsciousness the injured man asked that his wife at Huntington be sent for.

She reached his bedside Monday evening. When Mrs. Wheeler was informed that her husband had been injured she stated that a peculiar premonition had warned her all day that something of a terrible nature was about to occur. From the time that she arose in the morning until the message was delivered to her, she had been unable to free herself from the feeling of an impending calamity.

Wheeler was a telephone lineman at Huntington and came to Fort Wayne only last Friday to take the position in which he was fearfully injured. Besides the wife, he has two small children.

WILL HONOR GOMPERS.

Washington, Aug. 10.—In honor of the return in October of Samuel Gompers, who has been in Europe studying continental labor conditions and problems, all the labor organizations of the eastern states will unite in a monster parade in this city if the plans adopted by the Central Labor union of this city at a meeting last night are carried to completion. October 15 is the day fixed for the celebration.

KIEL SHIP CANAL BLOCKED.

Kiel, Aug. 10.—The Belgian steamer Palomares ran into the retaining wall of the Kiel canal today and sank. There was no loss of life, but as the steamer lies crosswise traffic through the canal will be interrupted until she can be removed.

NARROW ESCAPE FOR GUESTS.

Mackinac Island, Mich., Aug. 10.—Forty guests had narrow escapes from death early today when the hotel Hessel, at Hessel, Mich., was burned to the ground. A number of them escaped in their night clothing and lost all of their baggage. The loss is about $150,000.

QUIET CONFIDENCE OF KETCHAM MEN

Indiana Veteran Claims a Good Bunch of Votes for Himself.

VAN SANT HIS RIVAL FOR CHIEFTAINSHIP

Grand Army of Republic Has Two Lively Contests on at Salt Lake.

Salt Lake City, Utah, Aug. 10.—On this, the second day of the forty-third annual encampment of the Grand Army of the Republic, holiday making and good fellowship are still uppermost, but creak of the administrative machinery may be occasionally heard.

"Who are you?" and "What place are you for?" are the questions that greet each incoming delegate.

The first query refers to the friendly fight between ex-Governor Van Sant, of Minnesota, and Judge Wm. A. Ketcham, of Indiana, for the chief command, while the second has to do with the spirited contest between Atlantic City and St. Louis for the forty-fourth encampment.

Claim Van Sant Leads.

A partial poll taken last night is said to have shown 160 Van Sant votes out of a total of about 400. The Ketcham managers concedes 100 votes, claims 100 and calls the remaining two hundred doubtful.

As between Atlantic City and St. Louis the issue is even more uncertain. The retiring commander, Henry M. Nevius, is exercising his influence in favor of the seaboard city and the ambition of Denver to secure the 1911 meeting may also count against St. Louis.

Ladies Have Three-Cornered Fight.

There is a triple contest for the national presidency of the Woman's Relief corps with Mrs. Jennie I. Berry, of Iowa; Mrs. Belle Darris, of Kansas, and Mrs. Melissa Caylor, of Indiana, as the candidates. A genuine mountain storm last night played havoc with the power transmission lines and the campfires at Assembly hall and the armory were plunged into darkness. A few lanterns were secured and created small cases of light in the halls, but for the most part the speakers and singers were invisible and their voices from the shadows produced a novel effect.

A formal greeting to the Grand Army delegates will be extended in the historical tabernacle tonight.

ASSUMED NAMES MAY CAUSE LOT OF TROUBLE

State Witnesses Not Easy to Locate—Cases Go Over a Week.

Assumed names given by the men arrested in the raid on the rooms above the Gierhart & Swift saloon Saturday night may cause the state some trouble when it comes to offering proof that the rooms were used for gambling and unless Captain Kelly and his men happen to know the parties who were holding a session with the roulette wheel when the meeting was rudely broken up, some difficulty will be encountered in securing the evidence.

The assumed names were put on the affidavit yesterday by Prosecutor Thomas and will probably be written on the summons to be issued to the court bailiff and unless he gets the proper aid from the night force it will likely be a big undertaking for him to serve the papers. Attorney John W. Eggeman appeared in the city court this morning when the cases were called and secured a continuance for a week and in the meantime he will determine what course to pursue.

The Other Cases.

John Cowell, who kept the Pennsylvania railroad police force chasing him from Saturday night to Monday morning testified, when he was arraigned for trespass, that he had been trying to reach his home near Monroeville and that he had been whizzed past the village twice on fast freights and was afraid to jump off. He was fined $10 and costs.

The Pennsylvania force had a busy session yesterday and there were six train climbers in court this morning. One of them who gave the name of Harry Stahl, said his father is a cigarmaker and he came here from the east in search of him. The lad said his father had written, giving his address as 536 East Berry street, and told him he worked in a factory near the transfer corner. The cases were all continued indefinitely and the prisoners advised to leave the city.

Arthur Monday, a negro boy, who insisted he was eighteen last month, but who appeared to be a couple of years younger, was turned over to the probation officer along with Edward Sears. The lads are charged with stealing three bottles of beer from a Wabash freight car.

Thomas Potterfield, charged with failure to provide for his wife, was let go on his promise to appear tomorrow morning for trial.

SUTTON WAS SHOT AS HE RAN AWAY

[Continued from Page One.]

have gone had the book not interposed.

"Roelker and I talked the matter over, and we agreed that he must have run into the fire of the bullets, one of which had killed Sutton. There were four shots that I heard in all and one of them, I am convinced, struck Roelker.

"I have wondered more than once why I have not been told to go before the court of inquiry and tell what I know."

MOTHER AND SISTER TESTIFY.

Annapolis, Md., Aug. 10.—When the court of inquiry investigating the death of Lieut. James N. Sutton opened its session this morning, Mrs. Sutton, mother of the dead marine officer was recalled to the stand and identified a visiting card of Lieut. A. M. Sumner, and some writing, which however, was not read pending the appearance of Lieut. Sumner, whoh has been summoned as a witness, he being now in Norfolk, Va.

Mr. Davis presented two letters which were read by members of the court and the counsel. Attorney Birney, representing Lieut. Adams objected to their introduction, but the judge advocate urged that they be admitted and the court ruled in his favor. The letters were identified by Mrs. Sutton as having been written by Lieut. Sutton, one to her and on to his brother. Thy were chatty, intimate and hopeful in character.

Mailed Day of His Deathh.

That to Mrs. Sutton was mailed the day before Lieut. Sutton was shot and contained no hint that he meditated suicide but spoke of his plans for the future. Mrs. Sutton also identified a bill of lading as having been written by her son. Mr. Davis offered it as evidence showing that Lieut. Sutton had not thought of suicide but looked forward with pleasure to going around the world on the great cruise of the United States battleship fleet in 1907. It was admitted by the court against the objection of Mr. Birney.

Charles P. Russell, of this city, was called as a witness. Replying to Mr. Davis' questions he said that on Oct. 14, 1907 he received from Lieut. Adams a shirt, collar and cuffs that were bloodstained, one cuff having been saturated, and the right side of the shirt bosom having a great deal of blood upon it.

Sister Gives Testimony.

Mrs. Parker, Lieut. Sutton's sister, was called to the witness stand. She said she started for Annapolis on the day following her brother's death, after making arrangements for his burial at Arlington because as a suicide, he would not be buried in the cemetery lot of the family at Portland, Ore., they being members of the Roman Catholic church.

She was advised by Col. Doyen, commandant of marines, not to look at her brother's body owing to the condition of the head which, she said, Col. Doyen told her showed a number of wounds of various sorts. She told of receiving at the barracks clothing and other effects of her brother's and of sending them home to Portland. She returned to Portland after having been here about ten days. She stated that her brother was not given burial according to the customs of his faith.

Mrs. Parker told of interviews in her room at Carvel Hall with several of the young lieutenants. She asked that Lieut. Adams see her at once, because Lieut. Adams seemed ill at ease when she met him and because she believed he had information which he would probably not give her in the presence of others.

Wanted to Know All.

Relating what passed she said she asked Adams to tell her everything about her brother's death and not spare her feelings, and that Adams told her of Lieut. Sutton's unpopularity with his brother officers. Reading from the record of Lieut. Adam's testimony questions which the latter had declared he could not answer, as he did not remember.

Mrs. Parker declared that Lieut. Adams had told her of the incidents of the fights that followed the automobile trip to "The Dump." She said Adams told her her brother went for weapons, having declared he would kill Adams, Utley and Osterman, and that he described the final encounter. Mrs. Parker said Adams told her he would not swear her brother committed suicide, that he did not know if Sutton had lived his own life would have been in danger—that Sutton would "get" him.

Utley Hated Sutton.

Adams, she said, stated that Lieut. Utley hated Sutton and had declared some one ough to "take it out of him." Adams told Mrs. Parker, she said, that if Captain Marix claimed Sutton owed him money, not to pay it, as Sutton owed him nothing.

After the interview Adams, she said, accepted her invitation to a dinner, which was taken with two other men at a restaurant. Mrs. Parker paid for the dinner. Adams had told her that everyone in Annapolis believed he had killed Sutton. She disclaimed to him such belief.

Mrs. Parker told Adams, she said, that all she wanted was to prove her brother was not a suicide, as were that true his mother would, by her faith, believe her son's soul lost. She told Adams if she could do this the case would be dropped.

VERNE JONES GOES DOWN TO DEATH IN WATER

Young Man Employed in Fort Wayne is Drowned at Rome City.

Verne Jones, 17 years of age, employed at the Indiana lunch room in this city, was drowned in Sylvan lake at Rome City at 4 o'clock Monday afternoon. The young man was a son of Mr. and Mrs. T. F. Jones, of Monroeville, and a nephew of ex-Commissioner Jasper W. Jones, of Jackson township. He had been working in Fort Wayne the past two years, first at the Maryland and later at the Indiana lunch room.

Young Jones, with four companions, was spending a brief vacation tenting at the lake and when the fatality occurred they were enjoying a swim, varying the amusement by throwing base balls into the water and diving for them. The young man was apparently seized with cramps, for he suddenly sank in sixteen feet of water. None of his companions saw the body rise to the surface and their efforts to rescue him were fruitless. The body was taken from the lake forty-two minutes after the drowning had occurred, and efforts at resuscitation were unavailing.

Albert Jones, a brother, went to Rome City Monday evening and on Tuesday accompanied the remains of his brother to Monroeville. Surviving relatives include the parents, four sisters and three brothers. The sisters are the Misses Elsie, Jennie and Helen Jones, who are teachers in the county schools, and Miss Berniece Jones, at Monroeville. The brothers are Albert, Clifford and Earl Jones.

Funeral services Wednesday afternoon at 4 o'clock at Monroeville.

The camping party of young men, of which Mr. Jones was a member, at once broke camp and have returned home in consequence of the distressing fatality. The party originally consisted of William Josse, Verne Jones and Leo Rumbaugh, of this city; Ervin Burnett, of Detroit; LeRoy Wade, of St. Paul; Harry Rumbaugh, of Cincinnati, and Leo Woods, of Lagrange.

NO ROOM FOR LIGHT TOWER.

School Board Refuses Petitions of West Side Residents.

There is no room on the property owned by the city school board on West Washington street on which the new school building is to be situated for the electric light tower which has stood at the corner of Union street for many years and accordingly a petition from west side residents that the tower be allowed to stand was refused by the board Monday evening. The board framed a petition to the common council asking authority to purchase the Charles Gumper property adjoining the present school property on the west. The additional space is required owing to the greater size of the proposed new building.

Henry Reiter was appointed as janitor for the Adams township school, recently received into the city. He was janitor at the building before the corporate limits were extended to include it.

ORNAMENTAL LIGHTS ASKED FOR

Property Owners Pray to Have Arcs Removed—Board of Works.

The scheme to have the arc lamps removed from Calhoun street in favor of ornamental posts, which has been agitated for several months, has taken definite form in the shape of a petition to the board of works from thirteen citizens. The board has the matter under advisement.

At the meeting yesterday the assessment roll for the opening of Pfeiffer avenue from Sherman street to the Grand Rapids road was approved. The Moellering Construction company reported the completion of a sewer between Alabama and Florida avenues, in Forest park.

Tennis tournament open to all players in the city. Entries must be in by Wednesday noon, 207 W. Wayne St.

DIES SEATED UNDER TREES HE LOVED SO WELL

Death Comes to Valentine Fox, Well Known Gardener—Other Deaths.

Seated beneath the shade of trees he had planted many years ago and which he loved so well, Valentine Fox, 69, a well known gardener and long a resident of Wayne township, died suddenly Monday afternoon at his home west of the city. Mr. Fox had been ill for some time, but was

Prominent Wayne Township Citizen Who Has Passed Away.

believed to be improving. He had enjoyed his dinner and seated himself for a rest beneath an apple tree in the dooryard. To his daughter who had made inquiry, Mr. Fox had said, "I'm feeling fine; in three weeks I guess I'll be back on the market wagon." These were the last words he uttered. Mrs. Fox, from the doorway of the house, noticed his head fall slightly, but she presumed her husband had merely dropped into a refreshing doze. An hour later when she went to arouse him, the discovery was made that death had ensued. It came at the old homestead where he had lived for forty-three years, and upon the grounds which his own hands had helped to beautify.

Mr. Fox was born in Baden, Germany, January 12, 1840, and came to America as a boy of 15, working for his uncle, the late George Fox, in payment of his passage across the ocean. In 1860, in St. Mary's Catholic church in this city, he was united in marriage to Miss Sophia Hutsell. He was for many years a prominent gardener, and though retired in recent years still enjoyed participation to some extent in the activities of the business. Mr. Fox was a highly esteemed citizen, a charter member and founder of St. Paul's Catholic church, of St. Paul's school society, of the Orpheus Singing Society and actively affiliated with other charitable and benevolent organizations of his faith. He was also a member of the Wayne township advisory board.

Surviving members of the immediate family include the widow and seven children. The children are Edward R. and Albert C. Fox and Mrs. Charles Gebhart, of Wayne township; Mrs. Frank Minnick, of Hoagland; Mrs. Henry Sorg, of Hesse Cassel; Mrs. Frank Ankenbruck, of Fort Wayne, and Mrs. John Schnurr, residing at the old homestead. There are thirty-seven grandchildren and a brother and a sister, Rev. Carl Fox and Miss Theresa Fox, both residing in Germany. In addition to his own family, Mr. Fox also reared two nephews, George Schoeph, of Wayne township, and Charles Schoeph, of Chicago.

Mrs. Fox is in impaired health, and the shock occasioned by the death of her husband was so severe that it caused a collapse and it was necessary to summon a physician to attend her. She is now reported to be slightly improved.

KIEL.

Mrs. Marie Kiel, 72 years of age, died at 3:30 o'clock Monday afternoon at the home of her daughter-in-law, Mrs. Elizabeth Kiel, 81 Portage avenue, after an illness of several months. Mrs. Kiel was the widow of Frederick Kiel, of Kendallville, whose death occurred thirteen years ago.

Mrs. Kiel was born in Adams county, June 20, 1837, and came to Fort Wayne with her daughter-in-law, five years ago. She was a member of St. Paul's Lutheran church, and surviving relatives include a son, Fred Kiel, jr., of Fort Wayne; eight grandchildren; one sister, Mrs. Louise Rose, of Fort Wayne, and three brothers—Fred and Ben Mesing, of Kendallville, and Charles Mesing, of Fort Wayne.

Funeral services Wednesday morning at 10:30 from the residence and at 11 o'clock from St. Paul's Lutheran church; interment at Kendallville.

KISER.

Florence Kiser, infant daughter of Mr. and Mrs. William H. Kiser, 1529 Franklin avenue, died Monday afternoon at the age of two months.

Funeral services were held from the residence Tuesday afternoon, Rev. Eversole officiating.

FUNERAL NOTICES.

Potthoff.—Funeral services of William Potthoff will be held Wednesday morning at 8:30 from the residence, 518 East Washington street, and at 9 o'clock from St. Mary's Catholic church. St. John's branch, Catholic Knights of America, has appointed a resolutions committee composed of E. J. Ehrman, C. J. Mettler, E. A. Derheimer and A. A. Reinhart, and selected the following pall-bearers: Active — Joseph Fricke, O. Ehinger, H. Brink, B. Kiep, Peter Nussbaum, J. H. Hartman. Honorary —Louis Schirmeyer, N. Heiny, J. RICHARD GOLDEN IS CALLED TO HIS FATHERS

The Creator of "Old Jed Prouty" Dies Suddenly While on a House Boat.

New York, Aug. 10.—Richard Golden, the actor, died suddenly today on board the houseboat Stroller in Gravesend bay, where he was the guest of John Newton Porter.

Mr. and Mrs. Golden were preparing to make a trip to Maine as guests of Mr. and Mrs. Porter when the actor suddenly became ill. Bright's disease was the cause of death.

The body was brought to this city. The body will be taken to Mr. Golden's native city, Bangor, Maine, for burial.

Born in 1854, Richard Golden made his first appearance on the stage at the opera house in Newport, Maine, in 1887. His first New York appearance was in 1877 in "Evangeline" and his London debut was made in 1883 in "A Bunch of Keys." After appearing in numerous other plays he produced at the Union Square theater in 1889 "Old Jed Prouty," of which he was part owner.

In the title role of this piece he appeared nearly three thousand times in this city and in various tours of the country.

"Old Jed" was his greatest success and his most famous part. Since the vogue of that play wore off Mr. Golden had appeared in various other important productions. His residence was in this city.

AGED ACTRESS IS DEAD.

Baltimore, Aug. 10.—Mrs. Jane Germon, the aged actress, died here today of ailments incident to old age. She was 78 years old and retired from the stage eight or ten years ago coming to Baltimore to live. Mrs. Germon was born in New Orleans. Her father was William Anderson, an actor of note, and her mother was Euphemia, a daughter of the first Joseph Jefferson. Her first appearance on the stage was at the age of 7 years, taking the child's part in "William Tell" with Edwin Forrest as the star. For sixty years afterward she acted in companies supporting the stars up to the time of her retirement.

Mrs. Germon married at the age of 17 Greene Germon, an actor. Two of their children, John E. and Effie Germon, attained prominence on the stage.

LOSS $700 ON HOME BY FIRE WITH NO INSURANCE

Blaze in Martin Witham's House Got Good Start at Noon Hour.

Martin Witham's two-story frame home at 726 High street, was damaged to the extent of $700 by flames shortly before noon this morning. Witham, who works in the Fisher Bros. paper store, carries no insurance on the property so that the loss strikes him very hard.

The blaze originated from chimney sparks in the attic, spreading all over the upper part of the house before it was discovered. When the department arrived the flames had a good headway, and it was over an hour before they were extinguished. The complete roof and a great part of the upper portion of the structure was so badly damaged that it will require entire re-building.

It is believed the sparks came from the kitchen stove in which a fire was kindled to prepare dinner with.

Also a $100 Loss.

Mrs. John Evers, of 2003 Hanna street, also sustained a fire loss this morning, sparks setting fire to the roof of her two-story brick house about 11:20 o'clock. The rear part of the roof and a portion of the interior was damaged, the total loss being about $100.

The fire department was called to the Clinton street dump about 2:00 o'clock this morning to extinguish a blaze that had been smoldering for some time.

WILL MEET NEXT IN CLEVELAND

German Lutheran Synod Adjourns Laporte Assembly.

Laportte, Ind., Aug. 10.—The German Lutheran synod, which has been in session for a week, being attended by more than six hundred delegates from Indiana, Ohio and Kentucky, adjourned today after voting to hold the next synod in Cleveland, Ohio.

The general board of the church extension fund was authorized to raise $200,000 during the coming year for the continuation of its work. Pastors were instructed to take collections for the support of the missions among German Lutherans in England and Brazil.

SEE MAN DROWNING; LAUGH.

South Bend, Ind., Aug. 10.—Five members of a South Bend boating party on the St. Joe river laughed at the frantic efforts of a drowning man a few miles north of South Bend Sunday evening, believing that he was shamming in an effort to frighten them. His body has been rescued, but remains unidentified.

NEW MOUNTAIN CLIMBING FEAT.

Allahbad, India, Aug. 10.—The Duke of Abruzzi has established another record in mountain climbing. He ascended Mount Gawrin-Austen to a height of 24,600 feet. Perfect weather was enjoyed during the ascent. All the members of the party have arrived at Bandipur in excellent health.

KING FILES CHARGE AND STIRS UP TROUBLE

Roumanian Thrown Out of Rolling Mill Office—The Courts.

Justice Henry Grabner took up this afternoon a case of assault and battery filed by Adolph King against Charles A. Borts, superintendent at the Fort Wayne rolling mills, whom he charges with having thrown him bodily out of the mill office.

Judge W. J. Vesey, attorney for the rolling mills company, was on hand to defend Borts and he stated that King, who has been in the courts for the last four or five years, had become so annoying around the office that he and his brother, Morris King, were both ordered to keep off the premises and that while there is no denial of the fact that King was thrown out he was a trespasser and the superintendent had the right to eject him.

Court Notes.

Anna Cole has sued Joseph Cole for divorce, alleging cruelty and failure to provide. The Cole family has been before the courts for a number of years and their troubles are old to the public. The wife wants the custody of their children. Henry and Guy Colerick filed the complaint.

Laura E. Stewart asks a divorce from Edward B. Stewart. She charges that he abandoned her in 1904. There are three minor children and she asks the custody. Bittinger & Houk filed the complaint.

In the superior court Grace Morton was granted a divorce from Harry Morton.

The case of Ethel D. Murphy against Maurice Murphy was set for trial in the superior court this afternoon. He is charged with abandonment.

The divorce case of Ida A. Sonfield against John H. Sonfield has been dismissed.

Mrs. Nelson Craig, who attacked two sanitary officers on Saturday morning, has filed an affidavit against Dr. George Gillie charging him with assault and battery. The case will be heard in Justice Hanthorn's court.

The will of the late Daniel Shordon was probated today. All of his property is left in fee simple to the widow, Augustine Shordon.

NAMED A COMMITTEE.

Celedonians Preparing for the Annual Field Day.

The Caledonian society held a meeting Monday evening and appointed a committee composed of Messrs. George Gillie, David Silver and David Miller to arrange for the annual field day at Robinson park.

If proper arrangements con be made it is the intention to hold the field day exercises August 21, and the games will be open to all.

ONLY ONE KNOWN CANDIDATE.

If anybody except Louis C. Bobilya wants to succeed Phil H. Wyss as councilman from the Tenth ward for the unexpired term, he has not made the fact known and so far as the councilmen know there will be but one candidate before the body at the special meeting tonight.

John J. A. Toole went to Pittsfield, Mass., today upon a business errand.

Miss Jennie R. Hoham, of Chesterton, is the guest of Mr. and Mrs. George H. Loesch.

Mrs. H. E. Gettel, of Carrett, arrived in the city today to take a train for Joplin, Mo., where she had been called by the serious illness of her daughter, Mrs. Harry Trentman. As she arrived in Fort Wayne Mrs. Gettel received a message informing her that the patient would be brought home, and that the journey to Joplin was unnecessary.

BIG ENTRY LIST IS BEING SENT OUT FOR FAIR

$5,000 in Stakes Has Drawn Number of Good Ones for Races.

If one-third of the horses entered in the early closing events booked for the Great Fort Wayne fair from September 14 to 18 inclusive, start in the stake races the fields to be sent away by the starting judge will be the biggest that any fair has ever had in Allen county. This is the opinion of Dr. W. F. Myers, secretary, and Superintendent P. T. Strieder, of the speed department, who have been busy for some time whipping the list into shape to be sent out and distributed over the state.

Instead of three stake races like those on the speed program for last season, six are scheduled this year and $5,000 will be given in the closed events only, to say nothing of the purses which will be given in addition. Money enough has been offered to attract good horse flesh and the list contains the names of some fast ones.

The fair office has been opened regularly for business in the court house and the big premium list is being sent broad cast over the country in response to numerous calls for it from stock exhibitors who want to get their entries ready.

A herd of Dutch Belted cattle has already been secured, which offers a novelty to the general public and an interesting exhibit to stock raisers, many of whom will see this particular breed for the first time at the fair.

A force of men will be put at work in a few days clearing up the grounds and the big task of getting the exhibit into shape is growing more and more arduous every day.

JUDGE HEATON NOW TALKED OF FOR CONGRESS

Republicans Starting Boom for Allen County Jurist.

Featuring the gossip in local republican circles just now, aside from the coming municipal contest, is a quiet little boom which has been started for Judge Owen N. Heaton, of this city, for the republican nomination for congress in this district.

So far as can be learned, Judge Heaton has given no encouragement to the suggestion, but some of his friends are enthusiastic enough to declare that he will be the nominee next year beyond question. And a number of the older heads among the party leaders are declaring their belief that Judge Heaton is doubtless the strongest man that can be sent against Representative Cyrus Cline, who by precedent is due to be renominated by the democrats of the Twelfth district. They say that ex-Congressman Gilhams is not likely to be a factor in the race next year, though they admit that they have not yet heard from Lagrange county on this proposition.

Just a Sample of It.

Just as an expression of the feeling of Allen county republican leaders in this emergency, the following is a fair sample:

"If the republicans of this district will nominate Judge Heaton for congress," said C. R. Lane to a Sentinel reporter this morning, "they will have a winning candidate. Judge Heaton is strong with the people of this county and also is so well known over the district that I believe he can get the nomination without a fight, with the strong probability that he will be elected. The district needs a man of Judge Heaton's abilities in congress and I sincerely hope Judge Heaton can be prevailed upon to accept the nomination. It is true he has aspirations for a place on the supreme bench of the state, but he can do the people of this district more service in congress than as a judge of the supreme court. He has made a splendid record as a judge of the superior court and his term will expire before he would take his seat in congress. He is no doubt the most available man the republicans of the district have to present as their candidate."

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Fort Wayne women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Fort Wayne woman's words:

Mrs. Christina Shoemaker, 134 Baker street, FortWayne, Ind., says: "During the past year I suffered greatly from kidney trouble and severe pains in my back. I was very dizzy at times and my entire system seemed to be affected. I read of other persons being helped by Doan's Kidney Pills and I was thus led to try them. I procured a box at Meyer Bros. Co.'s drug store and must say that I have been greatly benefited through their use. I can endorse Doan's Kidney Pills as the best kidney remedy I have ever taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Famous Firemen of Olden Days

Anniversary of Alerts, Fort Wayne's First Fire-Fighting Organization, Formed Fifty-Three Years Ago.

Charles S. Kiser, one of the men who "ran with the old machine" in the pioneer days, recalls that this is the anniversary of Fort Wayne's first fire-fighting organization—the Independent Alert Hook and Ladder company, which may be fitly called the parent of the present Fort Wayne fire department.

The Alerts were organized by the late Louis T. Bourie, August 10, 1856, as an engine company, and it was equipped with a small hand engine. About two years later it became an organized hook and ladder company, and, not only made the runs to fires, but maintained a social organization that was a conspicuous figure in the life of Fort Wayne in the early days. Of the men besides himself who were members of the Alerts up to as late as 1867 or 1868, and who still survive, Mr. Kiser recalls Louis R. Buckwalter, Chester Scarlet, who was secretary of the company; John G. Strodel, Tony Kelker, John Noll, John H. Bass, Joseph Mommer, I. W. Campbell, of St. Louis; Capt. F. F. Boltz, of Bluffton, and John Fairfield, of Jasper, Mo. Later Messrs. Charles McCulloch, Ben Pratt, Alex Ormiston, John Koehler, W. D. Schiefer, George Swaim and many others were members of the company.

The paid department gradually lessened the imperative demand for the independent company, but the Alerts maintained their organization until late in the 80's. In its day it was the crack fire-fighting organization of Northern Indiana.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product. Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c. and $1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

NEIGHBORS BOOMING FOR PRESIDENT IN 1912

Senator Cummins Hailed by Fellow Townsmen as New Leader.

Des Moines, Aug. 10.—Five thousand of his fellow townmen, cheering and waving flags, greeted Senator Albert B. Cummins as he stepped from a Rock Island train upon his arrival home from Washington last evening.

Accompanied by a large reception committee in automobiles and followed by a long procession of citizens on foot the senator was escorted to a downtown park, where he was hailed by speakers, who formally welcomed him home, as one of the leaders of the republican party.

Every mention of Senator Cummins' brilliant fight for lower duties brought cheers from thethrong which crowded around the speakers' stand. A picture of the senator bearing the inscription, "Cummins for president in 1912," was carried through the crowd and caused much enthusiasm. Mayor A. J. Mathis created another burst of enthusiasm when the expressed the hope that Des Moines might some day be able to welcome Cummins home as president instead of senator.

In response to the speeches of welcome Senator Cummins made a short address, in which he stated briefly his reasons for voting against the Payne tariff bill.

"We all know that the protective tariff is the fundamental doctrine of the republican party," he said, "but I do not believe that fundamental doctrine was wisely applied in the law just passed, and therefore I voted against it. I have no apology to make."

In conclusion he declared that more intelligent investigation is needed in order to frame, just and equitable tariff laws, and promised to increase his efforts to bring it about.

THE THIN AND WEAK

Easy Way for Them to Get Strong and Fat.

Samose is not an ordinary medicine; it is a flesh forming food that is adapted to the most delicate. Its tonic effect gives strength and health so that after its use for a short time all the flesh and fat producing elements in the food will be easily assimilated and retained by the body.

The large sale Druggists Meyer Bros. Co. have had on Samose since they first introduced it in Fort Wayne and the wonderful results following its use have made them such enthusiastic believers in its great merits, that they give their personal guarantee to refund the money if Samose does not make thin people fat and restore strength and health.

When a gain in weight is noticed after Samose has been used for a week or ten days, and health has improved, and you notice yourself growing stronger, you certainly should feel more than satisfied with what you have received from the small cost of 50c.

There may be one or two out of every hundred who begin the use of Samose who are not helped as they expect. In all these cases Meyer Bros. Co. will return the money without any questions. Sent postpaid on receipt of price, 50c. For sale by Meyer Bros. Co.

HAVE A NEW FEATURE.

To Train Sunday Teachers in Winona Summer School.

Winona Lake, Ind., Aug. 10.—The fourth international district summer training school for Sunday school workers opened at Winona today. This school will introduce a new feature in the teaching for the intermediate department work. This will be work for the hands, and will be for all Sunday school pupils between the ages of 12 and 16.

Dr. M. S. Littlefield is the only man who has written a book on this phase of Sunday school work and he will personally conduct the classes in the work. The school will be in session for twelve days and during that time the most strenuous program will be given. From 8:30 o'clock in the morning until noon there will be continuous recitations, while one hour of the afternoon will be filled by Mrs. M. J. Baldwin in teaching the use of the story.

The faculty of the training school includes the foremost Sunday school workers of the country. Marion Lawrence will give five hours to the teacher in his study; how the teacher uses or abuses objects and illustrations and the teacher's success as a soul winner. George N. Taylor and E. K. Mohr, two new members of the faculty, will teach missions and moral hygiene.

ECZEMA IS NOW CURABLE.

Zemo, a clean liquid for external use, stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Meyer Bros. Co., the druggists, say they have been shown positive proof of many remarkable cures made by Zemo and that they endorse and recommend it and believe Zemo will do all that is claimed for it. INJURED IN BLUFFTON.

Mrs. Fred Cook, of Fort Wayne, Suffers From Effects of a Fall.

(Bluffton Banner.)

Mrs. Fred Cook, of Fort Wayne, mother of Mrs. Earl Forst, of this city, is suffering from a serious illness at her home as a result of a fall she received at the Lake Erie station in this city about two weeks ago. Mrs. Cook had been visiting her daughter here and went home on the Lake Erie train.

In dismounting the steps at the freight house, which is being used for a station until the new building is erected, Mrs. Cook stepped on a board which was partly broken off. She fell down the steps to the ground, but it was not thought at the time that her injuries were serious. She continued her trip home, but after her arrival there a physician had to be called and he found her injuries quite serious.

The daughter, Mrs. Forst, has been helping care for her and will remain there during the week. Suit will probably be filed against the company within a short time by Mr. Cook.

Tariff war has only begun, martially declares Senator Cummins. At least let us have an armistice through dog days.

It appears that the democratic and republican candidates for mayor in Indianapolis are not big men at all; just good men. That town probably can stand for little of that, too.

The list of bondsmen who conjointly kept Auburn's defaulting bank teller out of jail will go a long way to prove that the delinquent young financier has lost neither the esteem nor the confidence of the community.

Get the gaming keepers and the gamblers, by all means, but on no account fail to look after those who rent them places in which to conduct their outlawed business. This combination will put an end to gambling in Fort Wayne and in no temporary fashion at that.

King Ed has just cleaned up a (supposedly) cool million in United States steel on tips furnished by J. P. Morgan. The real clean-up will come later when J. P. comes marching home with Stonehenge, Battle Abbey or some other priceless relic. The king of the money kings loves other kings—when they are useful.

Practically all industrial Sweden is on strike and the country suffers as from the devastation of a war. The farmers have raised a cry for help that Sweden will do well to heed. The crops are ripening and will soon be ruined if there are not men to harvest them. Sweden's cereal crops are none too abundant and what she raises she needs to the last grain. The rigors of Scandinavian winter are not well met with short crops and that is what the present situation means if the reports of a general strike of farm hands be not exaggerated.

Chicago street railway managers and employes took their time to the business of going to war with the very happy result that, like the urchin's apple core, there ain't goin' to be none. It would have been an easy matter for unwise and hotheaded union leaders on the one hand obstinate, supercilious managers on the other, to provoke an industrial conflict of appalling character. On the contrary good sense and a policy of mutual respect and fair-dealing have tided the car companies and their great army of employes over a very dangerous crisis and established peace for a long period, besides laying the foundation for an easier understanding whenever future disagreements may arise.

Turkey sends an ultimatum to Greece. Bolivia is trying to pick a scrap with Peru and Japan is going ahead to build that Manchurian railroad anyhow. That's the layout at the front end of the week and doesn't take into account that Spain hasn't yet got those Kabyle tribesmen licked, that Joe Cannon isn't entirely over his mad, nor that Orville Wright has gone over to the other side to find out who this fellow Sommer is, anyway, and maybe start a few suits against inventors who have been too free winging their flight across seas and over the land. All told the peace outlook is fine with the exception of the chronic misunderstanding between the kaiser and his uncle Ned and the incurable penchant of Jack Johnson for doing unlawful things with his automobile. Natural provocation of the weather at this season may start something, in spite of all that peace-loving mortals can do.

There will be no tariff issue for the next session of congress, but there will be no lack of hilarity in Washington by reason of that. Uncle Joe is going to have the work-out of his life. House members he has undertaken to squelch or to squeeze into an unpleasant smallness will not lie quiet under his rough heel. And their number will be greatly augmented by democrats, while not a few who can interpret the time's signs will begin to reflect that it is not to the setting sun, but to the rising orb of day their faces should turn. Speaker Cannon doubtless will be able to control matters pretty much to his liking during next winter's session, but there is a fast approaching limit to his power. When the "get even" policy begins to figure in any public man's career, it is drawing to a close. Who punishes his enemies will always have enemies to punish. And enemies can multiply with appalling rapidity. Cannonism, like Aldrichism, has seen better days than ever it will see again.

Were a great ocean liner to go down in mid-ocean with a thousand souls on board humanity would be appalled by the disaster. Since the outing season began in this country just about a round thousand human beings have perished in the water. The season is still a month from the close and the complete returns for the entire summer of 1909 will doubtless add half a thousand others to the sad roll of those already gone. That looks like an unreasonable, unnecessary contribution of mortality to the general sum of the incidental. Bathers, boaters, anglers, the idiot who rocks the boat and all his various tribe and the careful man who takes no chances are numbered in the grand total of the dead by water. And when it is remembered that most of these dead are so by fresh water, it must appear that carelessness or ignorance plays a larger part in waterside tragedy than hapless mischance.

It is inevitable, of course, but it has a singular appearance. When Senator Cummins got back to his home town his nearby Hawkeye constituents at once acclaimed him the national leader of the republican party for 1912. Fine man, is Mr. Cummins, and good honest tariff reformer as well as the inventor of the Iowa idea, which same idea converted Hon. John Prentice Dolliver from a standpat to an insurgent of fire-breathing proclivities. But this Cummins boom will have a look of treason to every progressive state that isn't blessed with an insurgent senator who can also be boomed and groomed for party leadership honors in 1912. By all that is sacred in precedent and tradition that same job is and of right ought to be the continued portion of one William Howard Taft, the while of Beverly, Mass. After whaling the excelsior out of Aldrich and his cohorts of house and senate and forcing some real tariff revision where none was at all in prospect, does President Taft get no look in for endorsement of his course and approval of his achievements? Looks a lot like those Hawkeye folks are pressing to get an unfair start not in 1912, but four years later. The which friends of Hon. Albert J. Beveridge will not fail to notice and remember.

THE SMOKE NUISANCE.

Editor of The Sentinel: As a citizen and tax payer, allow me to say a few words in regard to our smoke nuisance. Even now, in summer, our down town districts are badly infested, but what will the winter have in store for us? Now is the time to warn people in laying in a supply of coal to buy none but the smokeless varieties. Pocahontas, as soft coal, and still better, where it can be used the anthracite varieties. Especially public officers laying in a supply for public buildings, city hall, court house, postoffice, school buildings and library, should be certain to use none but somkeless coals and thus give a good example to other users of coal. The city council should, by all means, pass an iron-clad smoke ordinance and receive the thanks of all housewives and rightly thinking citizens. Surely no man has right or power to contaminate the air with soot and smoke simply to save a few paltry dollars and work injury to thousands of well and sick lungs and do untold damage to real estate and personal property. Respectfully,

A CITIZEN.

TO DISPEL IGNORANCE OF BIBLE.

Suggests Salaries for Sunday School Teachers.

Indianapolis, Aug. 10.—"The one way to dispel ignorance of the Bible is to have better Sunday school teachers, and the way to get better teachers would be in paying them, in the same way that choir singers are paid."

This is the view taken by E. G. Bunnell, assistant superintendent of public instruction. "If we pay for some flippant girl to sing soprano in the choir, I don't see any reason why we shouldn't pay for competent teachers in the Sunday school," he said.

Since the suggestion has been made that the Bible be adde dto the Reading Circle books, it appears that such a course has been taken for this autumn, and for the first time in the history of the Reading Circle the Bible will be studied as literature.

The study will be in connection with Moulton's "A Short Introduction to the Literature of the Bible," which was added to the book list after considerable discussion. The Reading Circle books are read by the teachers in the township institutes and sections assigned for special discussion at monthly meetings. In this way the Bible will be sandwiched in with other literature and read as such this winter.

COMER SIGNS LIQUOR BILL.

Alabama Measure Bars Drink More Than Half of 1 Per Cent Alcohol.

Montgomery, Ala., Aug. 10.—Governor Comer yesterday afternoon signed the Carmichael prohibition bill in the presence of Mrs. J. B. Mell, president of the Alabama division, Woman's Christian Temperance union, and other women. The signature was affixed almost immediately after the house had ratified a minor amendment.

The bill prohibits the sale of any liquor containing more than one-half of 1 per cent of alcohol.

The Fuller bill and the Ballard bill still are pending in the house. They are more radical than the Carmichael bill and are designed to aid in the enforcement of the latter. The Fuller bill prohibits any sort of liquor advertising and throws every safeguard around the law. The Ballard bill provides for the impeachment of officers who fail to put the law into effect. Both will be passed.

STORM SWEEPING THE GULF.

New Orleans, La., Aug. 10.—Storm warning for the Texas coast was issued at the New Orleans weather bureau at 10 o'clock this morning. A storm apparently of marked intensity is now central over the gulf, southeast of the mouth of the Rio Grande, and is moving northward. Conditions make it unsafe for shipping in the middle and western portions of the gulf.

TO CHANGE FACE OF RAG MONEY OF NATION

Also Proposed to Put the Deceptive $2 Bill Out of Existence.

Washington, Aug. 10.—Several important changes in the designs on the paper money of the country are to take place soon.

Secretary MacVeagh, Assistant Secretary Norton and Director Ralph, of the bureau of engraving and printing, have under consideration a general scheme for systematizing the designs of all issues of paper money in such a manner that the same portraits and emblems will appear on all notes of the same denomination.

It also is proposed that each of the designs shall be so distinctive that no confusion as to the denomination signified shall occur. A change in the size of the government's paper currency also is under contemplation.

Cleveland Picture on $10 Bill.

It can be stated authoritatively that a portrait of the late Grover Cleveland soon is to appear on all ten dollar bills. This plan has been in contemplation before, and practically was ordered by George H. Cortelyou, formerly secretary of the treasury. Secretary MacVeagh, upon entering office, held the order up, not on account of political consideration, but in order to permit the question of a general redesigning of the paper money of the country to be taken up.

The director of the bureau of engraving and printing has completed tentative new designs to go upon all the paper money of national issue, such as silver certificates, gold certificates, and treasury notes, and they now are up for approval by Assistant Secretary Norton, who has the matter mainly in charge.

He already has definitely decided to recommend Cortelyou's order relating to the imprint of the portrait of ex-President Cleveland upon all ten dollar bills.

May Abolish $2 Note.

Distinctive designs for one dollar, five dollar, twenty dollar and fifty dollar bills, and perhaps those of even higher denominations, have been prepared. The two dollar bill may be abolished, it is reported. Its fate now hangs in the balance, there having been many complaints directed against it, owing to its tendency to stealthily slip in with its one dollar brothers and cause woe. If the two dollar bill is retained, it is certain that its design will be such as to make it flash out from a pile of one dollar or five dollar bills with a prominence that will permit of no mistake in its handling.

The treasury officials are seeking suggestions from artists of the bureau of engraving and printing, and from artists and experts outside the government service. They even have sent to Europe for new ideas by which the paper money may be improved in appearance.

Some treasury officials are inclined to favor even a more radical change, and recommend that paper money be reduced to about the size of French and Italian notes of smaller denominations. These notes are about three-fifths the size of the American kind, and are more convenient to handle.

Would Cut Down Expense.

By reducing the size of the notes a considerable saving could be effected in the expense of getting them out, and this is a consideration with the present administration, which has adopted a policy of small economies in all departments with the view of bringing the government expenses down to the revenues and thus wiping out the present deficit.

In general it is the purpose of the treasury officials to adopt new designs for different denominations and classes of paper money that are simpler and more artistic than the present ones. It is the feeling of the officials and of the artists that the present designs are altogether too elaborate, with too much scroll work, etc. More plain surface, they believe, would greatly improve the appearance of the bills. Many new precautions are to be taken against counterfeiting.

Ex-President McKinley's portrait already is carried on bank notes of certain denominations and therefore will hardly be used to decorate the government issues. The portraits of other deceased presidents and prominent Americans, however, may be looked for, bearing in mind that they will appear upon all classes of currency of an equal denomination, whether treasury note, silver certificate, gold certificate or greenback.

Change in Size Causes Concern.

The matter of change in the size of the notes is giving the most concern, for it is realized that if this takes place the issues of bank notes eventually will have to conform. Inasmuch as $500,000,000 in bank notes have been printed recently and stowed away, the change in the size is somewhat of a question to consider.

A Blaze of Conviction

Sweeping Over the Whole Country.

The more people know of the great discovery that has made so many remarkable cures throughout the state during the past few months, the more convinced are they of the great merit of Root Juice. Thousands of people have been cured by it all over the country. Many that use it a short while are so loud in their praise that their neighbors crowd into the drug store to get some of the health-promoting Juice. Usually one bottle will convince, and it is but seldom that five or six bottles does not make a complete cure of indigestion, constipation, nervous weakness, rheumatism and other troubles arising from a diseased condition of the stomach, liver, kidneys and bowels. It seems to cure by removing the cause. It heals and tones the organs that make and filter blood. People are going in crowds many miles to see the man that discovered the wonderful curative agent and get some of it. Bradley Bros. drug store (formerly Wagner store, near transfer corner,) has the agency at this point. Root Juice is sold for $1 a bottle or three for $2.50.

FOUND TEDDY'S TENNIS BALL.

Workman at White House Digs It Out of Ground.

Washington, Aug. 10.—Night work has been begun on the addition being built to the executive offices at the white house. Three shifts are now working and there will not be an hour's letup until the addition is completed.

In the old tennis court now being excavated one of the workmen found yesterday buried in the clay at a depth of four or five inches a tennis ball. He pocketed it as a souvenir, saying as he did so:

"I'll bet Theodore Roosevelt himself drove that one into the ground."

Electric Talks

No. 182

Two Problems Alike

The water problem of Fort Wayne is very like its electric light problem.

We can have BETTER water and MORE of it under the present municipal ownership.

So too with electric street lighting.

In water it is only a matter of simple engineering and mechanical construction.

In street lighting it is hardly that.

It is a step in progress and a step that the city can easily take.

Once taken it will result in permanent economies as well as greater public satisfaction.

Greater Public Satisfaction with the quality and quantity of what the two services are giving us is the most that can be expected.

Incidentally the economies effected over the present order of things will commend the new departure.

In neither street lighting nor water service can we at present combine the greatest possible efficiency with the greatest economy.

We have already explained why under municipal ownership this is impossible.

But while we do continue to pay two prices for a thing, let us insist at least on getting the best thing possible for the two prices.

Read our next Talk.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice *free of charge* and in *absolute confidence* and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG. SICK WOMEN WELL.

LUTHERAN SYNODICAL MEET AT TOLEDO IN OCTOBER

Ministers, Delegates and Teachers of Northern District to Gather.

Plans are already under way for the annual meeting of the northern district of the Evangelical Lutheran joint synod of Ohio and other states. This meeting will be held in Toledo at St. Paul's Evangelical Lutheran church, October 4 to 13 inclusive. The synodical gathering will be similar to that of the central district meeting of the Lutherans of the Missouri synod, which closed today at Laporte after nearly a week's sessions.

The northern district enrollment of members forming the forthcoming synod includes ninety-five ministers, thirty teachers and one hundred and seven delegates representing as many congregations, thus making a total of two hundred and thirty-two attendants. Local and nearby pastors who will attend the synod are: Rev. H. P. Dannecker, pastor of St. John's Evangelical Lutheran church; Rev. B. F. Brandt, pastor of Grace church, Fort Wayne; Rev. J. P. Meyer, St. John's church, Lake township; Rev. H. F. Brandt, St. Mark's church, Sheldon, and Rev. F. Schultze, St. John's church, Columbia City. Rev. W. E. Schuette is the pastor at Toledo at whose church synod will be held.

SUNDAY SCHOOL PICNIC.

Children of Wayne Street M. E. Church Have Outing at Swinney Park

The first annual picnic of the Sunday school of Wayne Street Methodist Episcopal church was held this afternoon at Swinney park. It was one of the most enjoyable affairs of its kind held this season. A large number of the boys and girls were in attendance besides parents and friends. There were races of various kinds, a base ball game and other sports to enliven the occasion. While attendants at the affair came provided with basket lunches, ice cream and cake was served gratus at the park to all members of the Sunday school. The various committees in charge of the affair had left nothing undone to make the affair what it proved to be, a thoroughly delightful event for young and old.

Rev. C. Claud Travis, pastor of Wayne Street church accompanied the children and was chairman of the committee on general sports. Assisting him were: Mr. O'Mara, Mr. Becket, W. E. Doud, Mrs. Eby and Miss Auten. Robert Vernon proved a capable chairman of the baseball committee assisted by Miss Auten's Sunday school class. As chairman of the refreshment committee, Mrs. M. A. Mason was kept busy. Her assistants were Mrs. Carrie Tinkham, Mrs. Letta Rhine, C. A. Miller, Dr. M. A. Mason and A. S. Coverdale. The committee on grounds was formed by: F. D. Stapleford, chairman; Eugene McLaughlin and Mrs. Scherer's class.

CURES PIMPLES QUICKLY.

Simple Remedy That Soon Clears Skin of All Eruptions.

For several weeks past Meyer Bros. Co. have done the biggest business they ever had in any one article in selling Hokara, the skin food that has won so many friends in Fort Wayne.

It has been found to be an absolute cure, not only for all minor skin troubles such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucus membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits Meyer Bros. Co., will sell a liberal sized jar for 25c; larger size, 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

FOWLER TO EXPOSE CANNON.

Representative Hints He Has Some Startling Charges.

Elizabeth, N. J., Aug. 10.—Representative Charles N. Fowler, who was one of the insurgents on whom Speaker Cannon inflicted punishment by deposing him as chairman of the committee on banking and currency, declared yesterday that he is preparing an open letter to the speaker of the house which will be made public in a day or two.

Mr. Fowler refused to make known any of the contents of the letter. He declared that it was of national importance and would disclose facts which would go directly to the root of the trouble which resulted in Speaker Cannon meting out punishment to the representatives who had opposed him as speaker of the house at the beginning of the session.

Speaker Cannon's action in deposing him as head of the committee on banking and currency had made him stronger politically, Mr. Fowler declared, and he will not be swerved from his purpose of fighting against the injustice with which every representative is familiar.

FROG TAKEN FROM BRICK TOMB.

Found Alive in Masonry Wall by Workmen at Bloomington.

Bloomington, Ind., Aug. 10.—While workmen were tearing down the chimney of the Samuel W. Collins house, North College avenue, they found a live frog in the brick of the foundation. The frog was in an airtight place, and had evidently been there many years. How it got there is a mystery, but the fact remains that it was in the solid brick and mortar, and was white with age. The house had been standing for more than fifty years.

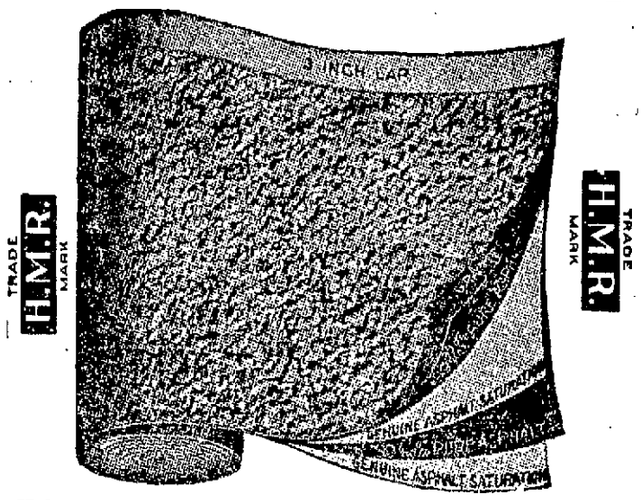
Torpedo-Gravel Roofing



IS THE KIND THAT WILL GIVE YOU SATISFACTION. It is better in every way than any prepared roofing on the market. It will last ten to fifteen years. We guarantee it for five years. It is better than shingles. It costs less and is fire resisting. It is easy to lay and you can put it right over your old shingles.

It is made up of five layers: 1, asphalt felt; 2, asphalt; 3, asphalt felt; 4, asphalt felt; 5, granite.

We stand back of it and you know what that means. Let us furnish your next job, and you will thank us for calling your attention to it.

Madam, See What You Lose On 5-Cent Cans

The 10-cent cans of Van Camp's Milk give you sixteen ounces—the 5-cent cans only six ounces. Note how much this means.

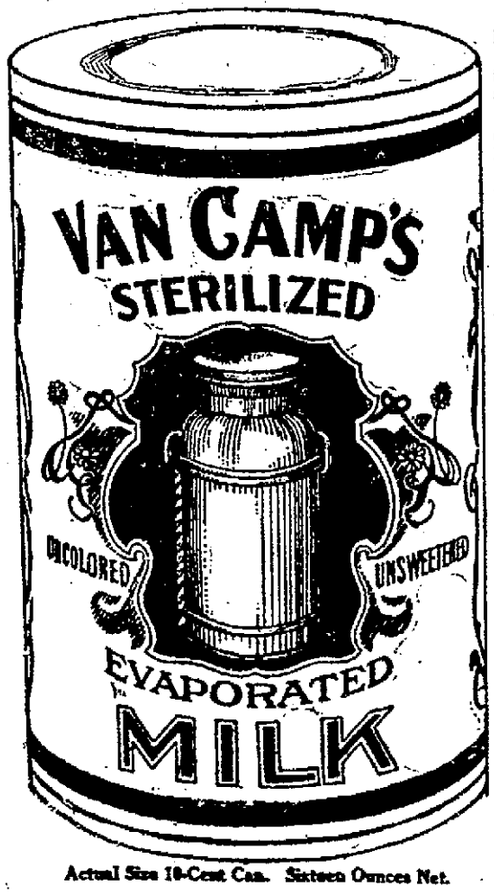
You get six ounces of evaporated milk in a 5-cent can of Van Camp's.

But you get sixteen ounces in the 10-cent can—a full pint. And you get the same milk in both.

That is one of the ways in which you lose money by buying the 5-cent can. Let us explain them all.

No Maker Gives More

No maker gives more than six ounces of evaporated milk for five cents.



Actual Size 10-Cent Can. Sixteen Ounces Net.

Thin milk, with too little water evaporated, costs just the same as Van Camp's.

So you get just as much of Van Camp's as you get of the poorest milk on the market.

But you spend more than you ought when you buy any milk in the 5-cent size.

Figure It Out

Van Camp's is simply rich Holstein milk, with two-thirds the water evaporated.

The milk as it comes to you is 28 per cent solids, 8 per cent butter fat.

If you replace the water which we take out, you should get rich milk for about six cents per quart.

That is based on buying the 10-cent cans, and buying them by the case. For grocers give discounts on cases.

But the 5-cent cans—even when bought by the case—make the milk cost you over eight cents per quart when you replace the water.

So you will see you are paying just one-third more when you buy the 5-cent cans.

Use It for Cooking

The trouble is here: Most people who buy the 5-cent cans don't use Van Camp's for cooking.

They use it for coffee and cereals, perhaps. But they still use raw milk for making milk dishes. And there they lose the greatest service that Van Camp's Milk can render.

Milk dishes made with Van Camp's have a flavor and richness which raw milk never gives. You will use Van Camp's forever when you once learn the difference.

The reason is that raw milk separates. The butter fat rises and the solids fall. When milkman's milk is used in cooking, it generally comes very far from whole milk.

Van Camp's is whole milk. It has all of the butter fat, all of the solids it had when it came from the cow. It will make your milk dishes twice as delicious as dishes made of raw milk.

Van Camp's Milk Keeps

Van Camp's Milk will keep because it is thoroughly sterilized. An opened can will keep 24 hours in ordinary weather. It will keep 48 hours or longer on ice.

If you use only part, you can leave the rest in the can and use it next day. You don't need to buy in small cans for fear the opened cans will spoil.

Our Object Is This

It may seem better for us to sell six ounces for 5 cents than sixteen ounces for 10 cents.

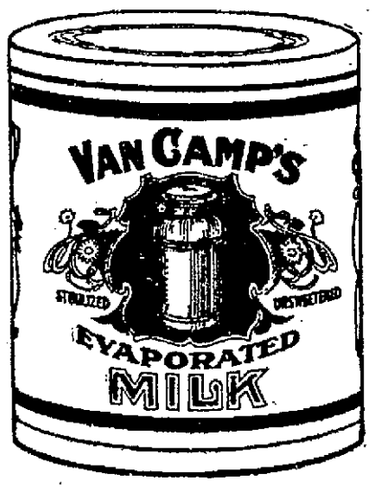
But it isn't. Our interest lies in making this milk economical. It should completely displace milkman's milk.

Van Camp's Milk serves every purpose fully twice better than raw milk. You will use more of it when you learn these facts, and learn the economical can.

Then the usual milk sold in 5-cent cans is often a vastly inferior milk.

So we urge you to buy the 10-cent cans and get the full worth of your money.

And don't buy from day to day, as you bought milkman's milk. Buy a case at a time and get the case discount. Then you will have the best milk in America for less than poor milk costs.



Actual Size 5-Cent Can. Six Ounces Net.

Pretty and Practical House Dress

By Mrs. Jane Ford.

528

6 SIZES 32 TO 42 BUST

For women who do not go to business a simple frock for morning wear in the house is a necessity, and one that answers this requirement and is easy to make is offered in this illustration. The pattern for it may be obtained in six sizes, and will fit women whose bust measure is between thirty-two and forty-two inches. To copy the garment for the average woman six and three-quarter wards of goods thirty-six inches wide, or five and one-quarter yards forty-four inches in width, will be needed.

For these general utility frocks tub materials are usually selected. This does not mean, however, that light weight woolens must be excluded, because the design of the costume is so simple that such goods may be satisfactorily laundered if care is taken that the fabric is thoroughly pressed on the wrong side before it gets dry.

When making the dress the closing should extend the full length of the front to simplify the laundering process.

It may be buttoned invisibly, as shown in the illustration, or buttonholes can be worked in the hem on the right side of the front and the buttons allowed to show, thus forming a trimming.

The body portion of the garment should be on the lines of a plain tailored shirt waist. Tucks at the front of the shoulders give it a desirable fulness across the bust and prevent the goods having a drawn appearance. The skirt is gored and slightly gathered at the top, where it joins the waist under a belt of the material.

When goods of a solid color is employed for the frock, braid may be effectively introduced as a decoration.

A pretty way of arranging it is to outline the closing with two or three rows, placed one inch from the edge and one inch apart. The belt, collar and cuffs should be ornamented to correspond.

Attractive Reception Costumes for Summer

Lace insertion used for yokes, as gulmpes, with or without sleeves, and as motifs to relieve plain skirts and waists, continues in favor for afternoon and reception costumes.

As shown in the above illustrations, wash fabrics and those of silk and lightweight woolens in the latest Parisian models are effectively decorated with lace.

Of course, the insertion selected for ornamentation must harmonize with the material from which the gown is made to be suitable, but this choice is not difficult if the pattern of the lace is not too large or conspicuous.

TO WARD ULTIMATE CONSUMER FROM BAD EGGS

State Food and Drug Commissioner After Farmers Who Sell Cast-Offs.

Indianapolis, Aug. 10.—Food and Drug Commissioner H. E. Barnard is paying much attention these days to the condition of Indiana eggs. It is his purpose to put an end to the sale of eggs that have failed to hatch in incubators and under the "setting" hen.

The first conviction ever secured was of a farmer at Peru who was fined $10 and costs last week for selling rotten eggs to a grocer.

"The man we want," said Mr. Barnard yesterday, "is the man who sells the eggs the first time. The grocer isn't so much to blame. This is the time of incubation, and eggs which fail to hatch are unloaded on the retailers, and the consumer pays for it. It is about this time of the year that the exploring farmer boy finds the nest of eggs in the hay mow and the eggs are unloaded on the innocent public.

Demand Candled Eggs.

"The only way the problem can be solved is by the insistence of the consumer that he be sent nothing but candled eggs. It is an easy matter to candle eggs and it can be done at small cost. Candling is also sure to keep bad eggs out of the market. If it catches only one egg out of the dozen it is worth the cost."

The law provides that "it shall be unlawful for any person, firm or corporation to sell or offer for sale any eggs after the same have been placed in an incubator, or to sell or offer for sale, knowingly, eggs in a rotten, decayed or decaying condition to be used for food."

The June report of the department of food and drugs of the state board of health, made public yesterday, shows that an active interest was shown by the inspectors of the department that month, in the sanitary conditions of canning factories, preparatory to the opening of the factories for the season.

The report of the inspectors shows, in general, great improvement of sanitary conditions in all canning establishments. A number of new factories have been built, and in nearly every plant some improvements have been made. "Managers," says the report, "apparently realize the value to their business of sanitary, cleanly plants."

"Some of the larger factories," the report continues, "that operate throughout the year, could hardly improve their sanitary conditions. In the departments operated by girls, an overseer is employed solely for the purpose of seeing that the girls wash their hands and arms, and keep their hair properly dressed and observe every sanitary rule."

BATTLE IN COURT ROOM.

Constables, Bailiffs and Deputy Sheriffs Fight.

Los Angeles, Cal., Aug. 10.—A battle in the court room between deputy sheriffs, bailiffs and constables, which caused the calling of the sheriff's reserves of jailers and ended only when Superior Judge Davis ordered the arrest of four constables for contempt, marked the habeas corpus proceedings yesterday in the case of John H. Mackie, who is fighting extradition to Columbus, Ohio, where he is charged with wife desertion and the embezzlement of $13,500.

Detective Houlihon, of Columbus, who came here to take Mackie east for trial and who was the central figure in the fight, had possession of a power of attorney to sign checks for a Columbus company, of which Mackie formerly was president.

Mackie's attorney secured a writ of replevin and the constables were ordered to serve it.

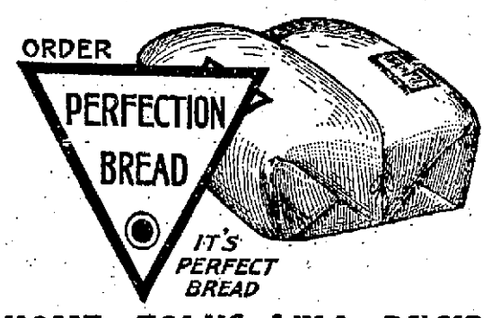
The Modern Figure

How to Regain Beauty of Form.

The vagaries of Fashion are a great trial to ladies inclined to overstoutness; but it is a great mistake to go in for physical repression in the shape of special stays. Fasting and violent exercising are also dangerous. One very soon becomes limp, depressed and sallow of complexion when such methods of getting thin are adopted. There is absolutely no necessity to study dietetics or deprive one's self of wholesome rest and bodily comforts.

The following is a prescription which will restore beauty of form without any sacrifice of health or strength. Any druggist will make it up for you or supply the harmless ingredients, viz: ½ oz. Marmola, ½ oz. Fluid Extract Cascara Aromatic, and 3½ oz. Peppermint Water. The dose is one teaspoonful after each meal and at bedtime.

Don't be afraid of a good appetite, especially as the digestive system will be much benefited by this simple treatment. Indeed, the whole body is beautified, and the reduction of weight occasions no wrinkles. The skin and complexion are rebeautified.



THE HOME FOLKS WILL DECIDE IN FAVOR OF PERFECTION

Serve Perfection Bread at your next meal. Serve it with the bread you have been using—home-made or any other.

That is the only accurate way to test what you eat; and in what should you be more particular?

Do this, and you will find that all the family decide in favor of "Perfection."

And they should. Perfection Bread is made from the finest materials, baked by the most scientific process, and delivered to you pure and clean in a sealed wrapper.

Get a loaf of "Perfection" from your dealer, for a trial.

PERFECTION BISCUIT CO.

CELLO AND PIANO RECITAL.

Splendid Program to be Given by Stoeber Brothers on Friday Night.

People who admire the 'cello as an instrument and who are always glad to hear it played by a master hand are anticipating much pleasure in the coming concert to be given on Friday night in Elks hall by Emmeran and George Stoeber, of Munich, Germany. Musical people who have heard the two men play declare that the cellist, Emmeran Stoeber, will astonish the audience by the rich and mellow tone he gets and the bigness of his technic in playing. George Stoeber, the pianist, possesses a brilliant technic and gracefulness of expression and is also a composer of note, having written a number of compositions. Among them is a 'cello concerto with orchestra accompaniment, which Emmeran Stoeber played in some of the music centers of continental Europe, with his brother directing. This is the first visit of these musicians to this country. Their specialty is the sonata form of composition. Their rendition of the Richard Strauss sonata and the second 'cello sonata of op. 5, by Beethoven, is marvelous in its presentation and the mastery of the difficulties presented. The program will present solo numbers as well as works for the two instruments.

THE AGONY OF PRICKLY HEAT

Freedom for Old and Young by Using By-lo Talcum Powder.

The most agonizing and still the most prevalent summer ailment is prickly heat. Both sexes, youngsters and grown-ups alike, suffer its smart and sting and itch.

If a can of By-lo Talcum Powder is kept in handy reach much suffering and inconvenience can be avoided. An occasional dusting by By-lo on any inflamed surface instantly relieves the smart.

By-lo Talcum Powder cools and refreshes the skin, absorbs the heat, and counteracts perspiration. It is also a quick and thorough healing agent. By-lo Talcum is medicated and is therefore admirable as a toilet powder for ladies, babies, or gentlemen.

By-lo is desirable because of its pronounced purity and its dainty odor. Ladies use it in place of face powder, lotions and creams, gentlemen find it best to allay the smarting after shaving, and babies appreciate By-lo because it relieves and prevents chafing and prickly heat.

By-lo Violet Talcum is queen of toilet powders. Your druggist sells it. Tell him you want By-lo, and don't yield to contrary arguments. There's no logical substitute. Price, 25c a big can.

ROBISON PARK.

Many took advantage of the free car ride to Robison park and last night the vaudeville house found the largest Monday night crowd this season. From the many telephone inquiries at the D. & N. pharmacy the free ride system will be the most popular idea yet offered by the management.

The La Croix, Roman ring gymnasts, the free feature act, are certainly pleasing the crowds that gather about the band stand during Bezuchas band concert. In the vaudeville program are to be seen Leon and Leoni, the silver athletes, who are the most graceful performers seen at the park for some time. Trimarco and Parillo, the Italian street singers and instrumentalists, are the chief favorites this week. Their musical stunts are good and the singing amounts to a feature.

W. F. Harris, the character impersonator, made a hit with his singing, talking and rapid change act.

Ames and Grim, comedy sketch, "Willie's Visit," is full of laughs, followed by Miss Schnee's picture song, "As Long as the World Rolls On."

Many entries are being received daily for this week's baby show and preparations are being made to handle the largest crowd this season.

At The Lyric.

A complete change of program at the Lyric today will present four new picture subjects. The added attraction for the entire week is Miss Blanche Barner, who is scoring a hit with her songs. Another real big amateur show is being arranged for Friday night.

Ora Cox, employed in the cement plant at Stroh, fell from the upper floor of the building Sunday afternoon and only an intervening scantling prevented him from landing in a vat of boiling cement. His injuries are severe, but not fatal.

The plant of the Barcus Manufacturing company, manufacturers of automobiles at Wabash, was gutted by fire Monday evening, and the loss will be heavy. The fire originated in the wareroom of the factory and was discovered at 10 o'clock.

The fifth annual assembly of the St. Joseph Chautauqua at McNaughton park in Elkhart, closed Sunday night, with the largest crowd of the season, 4,000 people on the grounds. Kryl's band was the attraction. The attendance was satisfactory at the assembly this season and the talent excellent. Another assembly will be given next year.

KILLED GIRL HE HAD ASSAULTED

Colored Man Shot When Victim Said She Would Tell Mother.

Ironton, Ohio, Aug. 10.—Charles Davis shot and killed Ella Welch, a mulatto, aged 14, early today and attempted suicide by cutting his own throat. Davis, it is alleged, assaulted the girl and because she was going to tell her mother, shot her with a shotgun. The girl died a few minutes later. Davis fled and when about to be captured by officers cut his throat with a barlow knife. He will recover. Indignation against the negro is very bitter. He is being guarded at the hospital by the police.

BUT ONE LAW FOR ALL.

Court Says Suit Against Mrs. Castle Will Not Be Dismissed.

New York, Aug. 10.—The charge of felonious assault preferred against Mary Scott Castle, of California, for shooting at and slightly wounding Wm. B. Craig, a New York lawyer, a week ago, will be pressed even if Mr. Craig should agree to withdraw his complaint.

Magistrate Butts, before whom Mrs. Castle was arraigned today and held in $6,000 bail, declared that there was no warrant for the circulation of rumors that the case would be settled out of court, that Mr. Craig has shown no disposition to settle it and that he had no right to do so. "No district attorney nor judge in this county can condone any crime committed," said the magistrate. "There is no law for defendants in high society that does not apply for persons not in high society."

Bail was furnished for Mrs. Castle, pending a hearing of her case.

COAL STRIKE SPREADS.

Spring Hill, N. S., Aug. 10.—The labor troubles in the coal mines of this province were further increased today when about 2,000 men, the employes of the Cumberland Railway and Coal company, went out on strike at the mines of the company here following the refusal of their employers to accede to their demands, principally the recognition of the union.

MYSTERY SHROUDS CRIME.

No Clew to Perpetrators of Rochester Cemetery Murder.

Rochester, N. Y., Aug. 10.—Anna Schumacher's murder, which was discovered yesterday, after a search extending over two nights and a day, when her body was found in a secluded spot in Holy Sepulchre cemetery here, partly covered wit hearth and leaves, was still a mystery when the coroner's inquest began today. Relatives of the dead girl, the constable who found the body and people who saw the girl going to and in the cemetery Saturday afternoon, had been subpoenaed to the hearing.

District Attorney Widener conducted the examination of witnesses.

The autopsy completed last night proved beyond doubt that criminal assault was the motive for the crime and that the victim fought her assailant with all her strength until she was strangled to death.

Mrs. Schumacher, mother of the dead girl, expressed her conviction that Anna was slain by an employe of Holy Sepulchre cemetery. She bases her belief on the fact that recently several girls have been followed and chased by men working in the burial grounds.

STILL STRIVING FOR PEACE.

Chicago Car Companies and Carmen's Unions Negotiating.

Chicago, Aug. 10.—Union officials and the heads of the Chicago street railway companies conferred again today over the differences of the wage scale of the employes which have threatened a labor war.

In the opinion of the leaders on both sides the tentative propositions looking to a gradual advance in the wage scale offered by the head of the Chicago Railways company, which controls the street car service on the north and west sides of the city, and the similar proposition of the Chicago City railway officials, who govern the service on the south side, will be a working basis for the drafting of an agreement satisfactory to both the men and the employers.

The negotiations, whether successful or not, will probably continue for several days before definite results are reached.

DIRECTORS MEET TONIGHT.

Evansville Magnates to Decide on Fate of Ball Team.

Evansville, Ind., Aug. 10.—Directors of the Evansville Central league base ball club will meet this evening to decide whether they shall hold their franchise in the league for the remainder of the season or sell. The club has spent $8,000 so far this season and none of the directors is disposed to continue. For a losing team there is no prospect of an increase in attendance.

Springfield, Ohio, has been mentioned as a possible buyer, and it has also been said that in the event of the sale of the Evansville franchise, the Grand Rapids, Mich., team would be moved to this city because of an injunction against the use of a down town park in Grand Rapids, which means the certain death of the game as a money maker there.

PROCESSES ARE COMPLEX.

Red Tape of Immigration Drives Polish Woman Mad.

Ogdensburg, N. Y., Aug. 10.—Driven insane by the complexities of immigration requirements, Mrs. Ann Kulja left here for New York last night, in charge of a government inspector. She will be deported to Austrian Poland.

Two months ago the woman and her 15-year-old daughter were passed at New York and permitted to buy tickets for Ladysmith, B. C., where they were to join the husband and father, but at Prescott, Ont., they were turned back by Canadian officers on the ground that they had not sufficient funds.

Unable to make herself understood, the woman lost her reason and has since been confined in the state hospital here.

The Canadian authorities now agree to admit the daughter and she will be sent to her father.

FATHER CHECKS ELOPEMENT.

Polish Girl Taken Home After Leaving With Her Lover.

Anderson, Ind., Aug. 10.—An elopement was nipped in the bud yesterday when Valentine Kovenski, of Alexandria, with the aid of the police, located his daughter with Walenki Knooteki in the Polish colony here. The couple had just started to the county clerk's office to secure the license when apprehended. The would-be bride is but 16 years of age and has recently been an inmate of an orphans' home in Indianapolis.

ALLOWED TO SETTLE BY CASH.

Washington, Aug. 10.—The Cascade Distilling company of Nashville, Tenn., will be allowed to settle the case against it and its officers on account of whiskey seizures in April, for $10,000 and costs. The department of justice today recommended the acceptance of this compromise and the treasury department has approved it.

AN ITCHING PALM

No Cure for It. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even poslam, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, poslam will stop the itching at once and cure the worst cases in a few days. So will hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Poslam comes in two-dollar jars, but fifty cents worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Meyer Bros. Co. make a specialty of it.

That results are immediate will be amply demonstrated over night by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

LONG HITS WIN THE LAST GAME FOR CHAMPS

Grefe and Knoll Get to Hammond and Win Final Bout.

Evansville, Ind., Aug. 10.—Harry Hammond, who has always been singularly effective against the Evansville team on the home lot, was sent in by Manager Jack Hendricks to repeat his Saturday victory in the closing engagement of the series, but a home run by Knoll and a double by Dick Grefe pickled the struggle for the home nine by a score of two to one.

"Tex" Covington did the heaving for the Champs and while he was erratic all through the engagement he was not hit hard and managed to hold the hits down to four, most of which were scratches. One of his passes developed into a run and tied up the score in the fifth, but Manager Charles "Punch" Knoll uncorked that fatal home run in the seventh and it supplied the tally necessary to cinch the combat.

Fred Uhl is still out of the game with a bad finger and Robertson, who had been counted on to pitch the closing argument, was played on first. Evansville picked off the first counter in the third round when Gus Dundon hit for a base with two down and romped home on Grefe's double. The hook-up came in the fifth when Fremer was passed and was moved up by Robertson's bunt. He took third after Clark's long fly to Knoll had been caught and scored on a slow bounder that Hammond hit down the third base line and beat out.

Knoll was the first man up in the ninth and a slant to his liking was served up which went sailing for four sacks and after that the invading hosts had an opportunity to score that Lindsay lost by being a bit over anxious. He hit in the closing round and was forced to second by a pass to Fremer, but he took a long lead and was nipped by a throw from Covington. The score:

PRESIDENT HAS NOT BEEN TOLD OF CHANGE

Dr. Carson Does Not Put Much Faith in Evansville Ball Story.

In a talk with The Sentinel over the long distance telephone this morning Dr. Frank R. Carson, president of the Central league stated that he had not been officially notified that Evansville entertained an idea of disposing of its franchise before the close of the season and branded the story that Charlie Brotherton had expressed a determination to transfer Grand Rapids there in case of abandonment of the territory as improbable.

He said that he had recently received a letter from President Harry Stahlhefer, of the Evansville club, in which he stated he would play the season out and he thinks that if the directors entertained any idea of selling out or quitting he would have been consulted and in all probability would have been asked to attend the meeting.

In the first place the Evansville directors can not surrender the territory without the consent of the league directors and if they throw up their hands their players and franchise will become the property of the league. This would mean a big loss as they have some valuable men and they could be sold by the organization to the successor of the Evansville club.

As to Brotherton he has been so thoroughly erratic since he joined the Central league that it is a bit difficult to guage him, but he is in the same boat as Evansville. He has a ten-thousand-dollar investment at Grand Rapids and the league holds the city. It could be sold in a twinkling of an eye and right here it might not be amiss to say that John C. Hendricks aspires to become an owner and there is little doubt but that he could swing a deal for Grand Rapids if the club should happen to be put on the market.

Brotherton said when he was here that he had a new lot in sight and as he has only a few more home games these could be played at Ramona park at a comparatively small loss. He has two more Sunday games scheduled and these would have been on at Ramona under any conditions. Getting back to Hendricks he expressed a desire when he was here the last trip to own Grand Rapids and as it is a good town with a one, two, three team he could probably put in a winner there. While he is a valuable man to Claude Varnell the Fort Wayne owner would not stand in his way a minute if he thought his manager had a good opportunity as the owner of a club.

NOTES OF CENTRAL LEAGUE.

Grand Rapids Press: From here the looks of that forfeited game—the one which Mike Jacobs gave to Wheeling Saturday—is not liked a little bit. If Raidy's declaration that the Wheeling management did not let him know of their double bill intentions long enough in advance is correct it would seem that there is a good chance for Carson to reverse the ruling of Jacobs.

Langenham is the new outfielder of the Grand Rapids club. He has never had any professional experience and comes from Salem, O. He failed to get a hit yesterday, but scored one of the locals' runs.

Marty Hogan, formerly manager of the Youngstown and Zanesville clubs, is making good in the Tri-State league. He handles the Lancaster, Pa., team.

Old Jack Taylor has pitched twenty-five innings since he joined the Old Soldier team and has handed out but one base on balls. In his first game, against Evansville, he passed Lil Sager in the first inning. He did not give another pass in that game, none in nine innings against Fort Wayne and none in seven against Terre Haute. Taylor has not given a base on balls in the last twenty-four innings he has pitched.

Wheeling still has lines out for Outfielder Shotten, of the Steubenville O.-P. league club, but thus far the deal has not been put through, and a report out of Steubenville states that Shotten may be sold to a National league club.

Zanesville Signal: Judging from his work here the local fans can't see where Carey is entitled to any great honors. He has been playing a very erratic game. His wild heave yesterday lost the Benders the game.

Zanesville Times Recorder: Carey, the touted find of the season, shows up fairly well at short for the Benders. He's got a lot to learn yet, but he couldn't be in better hands than right with Aggie Grant.

"RUBE" WADDELL TOUCHES LIGHTLY ON THE TARIFF.

Cites Some Interesting Facts to Establish the Points That He Makes—Congress Not Run with the Careful Discipline of a Big League.

New York, Aug. 9.—Speaking of prohibition weather brought up the subject of the tariff to Mr. Waddell.

"All tariffs are too high," said he. "Now look at the Broadway tariff in your city on a mild glass of beer. You get a bubble and a promise, and squander anywhere from ten per cent. of your earnings per diem, down or up, as the case may be. Out in St. Louis you can banish a week's thirst for the same price. That's what I call unequal taxation. The tariff on lemonade should be the same the world over. I am told that in England they sell a drink which is called lemon squash and is put up in a bottle, which is a weak imitation of our lemonade, and yet calls for a larger financial margin to satisfy the brokers who deal in it. Fancy putting a real American lemonade, with four or five slices of orange and lemon and some mint and cherries and strawberries and other crushed fruit in a bottle. The mere attempt to do such a thing is absurd and I don't wonder that the English folks rebel at the tariff and are demanding equal lemonade throughout the United Kingdom.

"This tariff business is rather painful, anyhow. Somebody said that there would be a deadlock on the thing and that all the work of this summer would go for nothing. What do you think of that? They do things a great deal better in our occupation. Who would think of such a thing as a deadlock in a base ball game? Maybe there might be a tie score, but what of it, wouldn't we have to get back to work the next day, or some day before the season was over and play the thing out? These congressmen are bush leaguers."

Waddell says that he has had a fine year in base ball. "Our team has gone through a lot of bad luck this year," the pitcher gravely announced. "We lost game after game at the beginning of the season because so many of the regular players were injured. I'm for McAleer. Everybody roasted him, but I know that he didn't deserve it. He was doing the best he could, but he couldn't assure the American league that every one of his players would be able to get through the season without a strained muscle or a broken bone. The only trouble is that the public never looks at it that way. If I should happen to have a stiff shoulder they'd roast me. I know it, because they have. I can't help catching cold in my shoulder once in a while. If anybody can give me a preventative against cold I'll stake myself to living at least one hundred years."

PIRATES WIN WHILE CUBS LOSE TO DODGERS

Pittsburg Slugs Pitchers and Bell Shuts Out the Chicago Team.

Pittsburg, Pa., Aug. 10.—Pittsburg recovered from its batting slump with a vengeance, getting seventeen hits off Boston's pitchers and winning by 10 to 1. ATHLETICS MOVE UP BY DEFEATING TIGERS

Big Crowd to See Philadelphia Win—The Other Games.

Philadelphia, Pa., Aug. 10.—Philadelphia easily defeated Detroit by 7 to 1, the victory giving the home team two victories in the series to Detroit's one and making the battle for first place more exciting than ever. A crowd of 16,746 persons, the largest on record for a Monday game, excepting on opening day, turned out.

Detroit played bad ball in the field, being charged with eight errors of commission and offending on numerous occasions when they appeared to be badly rattled and failed to take advantage of opportunities offered them. Philadelphia put up a sensational game in the field, giving Krause such grand support that the visitors were able to score only one run, although they hit the ball much harder than the hit column indicates.

Pitcher Donovan of Detroit was to have pitched, but he was served with a notice of suspension by President Johnson for disputing a decision in last Saturday's game, while Manager Jennings was sent off the coaching line for arguing with Umpire Evans. The score: R.H.E.

FORCED BY CREDITORS

We are forced to raise a large amount of money to pay our bills which are now due

LOOK! LOOK! LOOK!

THE NATIONAL FURNITURE CO.'S FORCED TO RAISE MONEY SALE WILL OPEN WEDNESDAY, AUGUST 11th, AT 9 A. M.

We will place on sale, without reserve, our entire stock at the most terrifying prices ever put before the American people. It is our loss of profit and much of cost, consequently your gain. This stock is sacrificeed because it must and will be sold in ten days, and in appealing to the people to attend this sale we emphasize that to stay away is like throwing dollars away. We need the patronage of every man and woman to help us unload, and we ask you to attend this sale.

FORCED to SELL

Bills Must be Paid at Once, $27,000 Stock

of high-grade Furniture, Rugs, Carpets and Household Goods will be thrown on the market at the mercy of the public for 10 days only, and will be turned into cash to pay the creditors who now demand their money.

This Sale Will Be for Cash Only

RIGHT IN THE SEASON, just when the merchants are asking big profits on their Furniture, Rugs and Carpets, you can buy new and high-grade goods at less than actual cost to manufacture. Buy your outfit NOW and save two-thirds on your purchase.

REMEMBER!

This will be the greatest sale of Furniture, Rugs, Carpets and Household Goods ever conducted in the state of Indiana. We will put forth such offerings, no matter what the weather conditions may be. You **MUST AND WILL** be here to get your share. Don't miss it—**AUGUST 11TH, at 9 a. m.** Make no mistake. Be sure and find the right place. Do not enter until you see the name on the big red signs—**NATIONAL FURNITURE CO.**, now in the hands of the Furniture Sales Co., of Chicago, Ill., appraisers and adjusters.

The NATIONAL FURNITURE CO.

1231 CALHOUN ST., FORT WAYNE, IND.

Has been placed in the hands of the Furniture Sales Co., Chicago, Ill., appraisers and adjusters, to be sold at once for cash only to pay the Creditors

THIS STOCK WILL BE PLACED ON PUBLIC SALE AT THE MERCY OF THE PUBLIC FOR TEN DAYS ONLY, STARTING

WEDNESDAY, AUGUST 11th AT 9 O'CLOCK A. M.

FOR POSITIVELY 10 DAYS ONLY. COME EARLY—GET THE BEST.

THIS STORE WAS CLOSED YESTERDAY AND TODAY

To arrange and remark goods and institute facilities for the accommodation of the big crowds during this grand 10 day sale. Be sure to be on hand at our grand opening, Wednesday, August 11th, at 9 a. m. An extra large force of salespeople and other conveniences for your comfort and good service arranged for the big event. 'Tis a golden opportunity to all who attend to secure your needs or satisfy your desire at practically your own price. Goods sold for cash and not charged. Be sure you are right. Look for the large Red Signs.

A BONA-FIDE CREDITORS MONEY-RAISING SALE---THE CAUSE OF THIS MIGHTY SLAUGHTER SALE

Forced by their creditors to raise a large amount of money to pay their bills which are now due, or be forced into bankruptcy. They are honest, but they are in debt, and they must sacrifice their entire stock to save their good name, for money is king, and if we were not compelled to sacrifice this entire stock in order to raise money in 10 days ,this might seem impossible to the general public that a large concern could afford to sell their entire stock at such tremendous low prices. Nevertheless this is the gospel truth. We merely ask you to come here and test our statements. Remember, people! No fake—no humbug. This is a bona-fide sale. We are compelled to raise $15,000 in 10 days. Prices no object to us. This mammoth stock is marked so low that no person of good intelligence, who values a dollar, can possibly afford to stay away from this great sale. This will be the greatest, broadest, grandest and most legitimate sale, where a well known and large firm must raise $15,000 in 10 days, that has ever occurred in the state of Indiana. We advise you to bring this circular with you so there is no mistake that you get the goods exactly as advertised.

The Red Tags Tell the Story

This most sensational close-out sale is to be conducted at our big Fort Wayne store, and every article will be marked with a big red tag which will tell its own story—will tell the story of one man's loss and another man's gain—your gain. These red tags will bear prices that will make you open your eyes. If you don't admit that you never before in all your born days saw such bargains—SUCH GREAT BIG BARGAINS—then we have missed our guess.

Select Furnishings for a Complete Home

This event is of wonderful importance to every family needing a home outfit. We doubt if there was ever an equal opportunity in the history of Fort Wayne to furnish up a home so completely and nicely at such a remarkably low sum of money. At the prices quoted on this National Furniture Co. stock you can furnish an entire home at the usual cost of a few rooms. You can secure handsomer goods and more of them at any given price than was ever before possible in any sale of home outfits ever held in the City of Fort Wayne.

The above prices mean a saving of 50 to 75c on every dollar you spend. This stock won't last long at these prices, so be on hand early and get first choice. The doors open and the sale commences Wednesday Morning, August 11th, at nine o'clock.

THE SHOP AND RAILROAD NEWS

A FINAL EFFORT TO BAG ONE OF FOUR BALL GAMES

Columbus Motive Power Men Coming Here August 28—Shop and Rail.

A final effort to avert a complete whitewash in four games of baseball, two of which were played last year and one this season on the visitors' diamond, will be made here by the motive power men from the Pennsylvania offices at Columbus, O., on the 28th of this month, when the Ohio boys are scheduled to return the visit made by the local boys on the 26th of June last. In all the games played last year and so far this year the team from the Fort Wayne offices has been victorious and though the Columbus team will have the disadvantage of playing away from home, the boys will make the spurt of their lives.

Incidentally, the Columbus men are to be given a sample of royal entertainment on their visit here, though this will be nothing more than was accorded the Fort Wayne bunch on each of the trips to the Ohio capital. The visitors will be entertained at dinner at the Anthony hotel and in the evening at the Elks' club beside other entertainment that is being arranged for the between hours. There will probably be about twenty of the visitors while the number of local men will swell the participants in the fun to about the sixty mark.

The baseball game, which is to be played at League park in the afternoon, will more than likely be the feature of the day, however. Percy F. Merritt, captain of the local aggregation, has his players hard at work now for he does not intend to fall down at the last moment after making such an excellent showing in the three battles already waged. The motive power men alone are not the only ones interested in the features of the day, either, so that there are indications of a great crowd at League park.

HARDEST SEASON IN YEARS.

Difficulty Experienced in Keeping Men for Pennsy 'Smith Shop.

For some unknown reason Foreman George Szink, of the Pennsylvania blacksmith shop, is experiencing considerable trouble in keeping men at work this season, more than likely due to the extreme hot days. A good many from the floating population find work at the 'smith shop and before they promise to go there do not realize what will be required of them. It really takes a man of an iron constitution and one who is accustomed to heat to stand before the roaring furnaces throughout the day. Many of those who have gone to work this season have had to give up within a few hours. John B. Scharrette and Floyd A. Malcom are two men who went to work today in the places of C. L. Bitner and J. E. Caston, who have been acting as helpers.

ONE-THIRD MORE BUILDING.

Lumber Men Report Great Increase in Demands Made Upon Them.

At least a third more building of frame houses and structures is going on in this vicinity this year than took place last year, according to the words of several of the big lumber men about the city. The increase this year is greater than expected and keeps the lumber yards pretty well depleted at all times. Poplar lumber, which is used for siding frame houses here, is naturally very scarce and builders have not yet begun the use of cypress and California red-wood, such as is used in other districts.

ORDERING MORE EQUIPMENT.

Chicago, Aug. 10.—The fact that the railroads are experiencing a return of confidence is shown by the fact that there has been during the past month an increase of over 300 per cent in the equipment orders. During July the railroads ordered approximately 25,000 cars, whereas during June they ordered only 7,615 cars. Among the largest orders was that placed by the Harriman lines for 4,945 cars. Among the new inquiries for cars is that of the Rock Island, which is for 1,000 furniture cars and 1,000 box cars. The Burlington is also making inquiry for 500 steel flat cars and 500 stock cars.

Business Men and Others Take Notice

During the month of July the LaSalle Extension university, of Chicago, in order to establish their "Business Administration Course" in Fort Wayne will send this course absolutely free of tuition to anyone desiring a higher education in business. This course teaches all phases of business by the recognized practical men of affairs in three nations combined with the faculties of thirteen leading universities. Leave your address at Room 2 Seidel bldg., and

Prof. W. H. Tuck

will call on you and explain their work. You get the same training and instruction as that of Harvard, Yale, and other universities.

MAY MERGE WITH B. & O.

C. H. and D. Stockholders Conferring on Lifting of Receivership.

Cincinnati, Ohio, Aug. 10.—Stockholders of the Cincinnati, Hamilton & Dayton Railroad company are meeting here today for the purpose of voting to accept or reject the terms submitted to the federal court for the lifting of the receivership of the Cincinnati, Hamilton & Dayton.

The plan involves the raising of money to improve the railway property to enable it to increase its earnings and to wipe out most of the debts that hang over the property.

While the Cincinnati, Hamilton & Dayton stockholders are meeting in Cincinnati, the stockholders of the Baltimore & Ohio road will meet in Baltimore to vote on the acceptance or rejection of the plan, outlined by J. P. Morgan for the reorganization of the C. H. & D. and its merger into the B. & O. system.

The proposed terms of the merger have already been sanctioned by the directors of the two railways. The C. H. & D. stockholders, like those of the B. & O. also will vote on the acceptance or rejection of the proposal to merge the properties.

A VISIT WITH FRIENDS.

P. F. Smith, at present master mechanic of the P., C., C. & St. L. shops at Columbus, O., is visiting with his old friends in this city for several days. Mr. Smith left Fort Wayne about fourteen years ago, resigning as assistant master mechanic in the Pennsy offices here to take a position in the shops at Columbus, which are really those of the Panhandle road.

ON DISPLAY NEXT MONDAY.

On next Monday in the windows of the Shields Clothing company the prizes for the events of the Pennsylvania field day at Driving park on August 21 will be displayed. The merchants of the city have been very generous in their donation of articles and the array is an imposing one.

LUMBER FOR SHELTER SHEDS.

Supervisor of Bridges and Buildings Zook, of the Pennsylvania, is being kept busy these days attending to the erection of various shelter sheds along the right-of-way between here and Chicago. At Donelson, many yards of sheds are being built and similar work is being carried on at other points. Mr. Zook is also making plans for some new bridges which will be placed soon.

LOCATED AT PORTLAND, ORE.

Captain Stoll, of the Pennsy police force, is in receipt of a letter from C. A. Easton, for two and a half years a local patrolman, saying that he is located at Portland, Ore., managing and making a success of the Fountain restaurant. When Mr. Easton left a short time ago it was understood he was going east and word from him in the west came as a surprise.

TO WELLSVILLE OFFICES.

Leaving tomorrow evening, H. J. Loney, who has been a stenographer in the Pennsylvania motive power offices here, will go to Wellsville, O., to become the private secretary of A. C. Davis, master mechanic at that point. The change is in the nature of a promotion for Mr. Loney, who fully merits it for he has made a great success of his work in the offices here.

FREIGHT AGENTS HERE.

R. V. Miller, traveling freight agent for the Wabash; William Humphries, traveling agent for the Southern road, and John G. Hill, of the Q. & C., were visitors at the local Wabash freight house today.

RATES TO NORTHERN MICHIGAN.

Announcement was received at the local G. R. & I. offices this morning of special rates from August 19 to September 2 to Traverse City, Petoskey and Mackinac, Mich.

INDUSTRIAL NOTES.

An excursion to Indianapolis next Sunday is announced by the Lake Erie and Western.

W. S. Danes, engineer of maintenance of way of the Wabash, of Peru, is in the city today.

Torpee Fitzgerald, a special apprentice in the Pennsylvania shops, is visiting in Crestline.

S. F. Bowser has returned from Boston, Mass., where he has been on an extended business visit.

W. L. Scott, a Pennsy passenger engineer, and wife have returned from an outing at Clear lake.

Sold in Fort Wayne only at Meyer Brothers Co., Three Drug Stores.

J. W. Runyan, of the Bowser works, is home again after making an extended trip through the northwest.

Walter Adams, of the Pennsylvania machine shop, has gone to New York, Pittsburg and Buffalo for a week's visit.

John Spalding, who has been spending the past week at Rome City, has returned to his place in the Mossman-Yarnelle warehouse.

A. J. Schirmeyer, of the Pennsy car machine shops, is off duty because of sickness; N. Miller is visiting in Richmond for several days.

New men taken on in the Bowser machine and boiler shop are W. A. Jenson, Oscar Lindeman, A. H. Wochuker and Fred Bulwohn.

Mr. and Mrs. Henry W. Ropa have gone east for an extended vacation trip. Mr. Ropa is clerk in the Pennsylvania blacksmith office.

L. L. Longshore, who left here yesterday after resigning from the Pennsy police force, has taken a place on the city force at Sewickley, Pa.

The Nickel Plate road took 117 out of this city on its twenty-sixth annual Niagara Falls excursion which left Fort Wayne at 5 o'clock Monday afternoon.

The tickets sold for the twenty-sixth annual Niagara Falls excursion over the Nickel Plate Monday afternoon numbered 96. The Fort Wayne section left here at 5 o'clock, an earlier section going through the city at 4:30 in charge of F. P. Parnin.

W. J. Cook and H. E. Lanigan, Pennsy painter helpers, are on the sick list today. C. A. Leach, of the tank shop, is off for the same reason.

Tony Hofner, working in the Rhinesmith & Simonson lumber yard, is laying off because of sickness. David Hanna returned to work today.

J. Ottis, an inspector for the Erie road with headquarters at Huntington, is expected in the city tomorrow to buy some wheels of the Bass foundry.

Abbott Carter, who has been doing experimental work in the laboratory at the Fort Wayne Electric works, has been promoted to office work in the laboratory.

Henry Hille, local baggagemaster for the Nickel Plate, has gone to New Orleans, La., to accompany his daughter on her return trip home. Miss Hille has been in the south for her health.

Al Woehnker, who for the past three years has been assistant storekeeper for the Fort Wayne and Wabash Valley Traction company, has taken a responsible position in the shipping department of the S. F. Bowser company.

Owing to a decided improvement in freight business, the double track between Colby and Bellevue, O., on the Nickel Plate, has been cleared and the empty cars, which have been stored there for some time, are being delivered to the Clover Leaf at Continental.

A railroad official has said that the days of small freight cars are about over, as even the small roads are ordering the large type of cars. They refused to allow small cars to be made up into their train because of the unevenness of the haul and of the danger of wrecks.

Mrs. W. J. Newingham, wife of the assistant foreman of the passenger car builders at the Pennsylvania east shops, has gone to Pittsburg for a visit.

Lewis Strader, who resigned his place as assisting purchasing agent at the Fort Wayne Electric works recently, has been made the purchasing agent at the S. F. Bowser works, succeeding E. V. Livers, who is intending to locate elsewhere.

The Baldwin Locomotive works has received several new orders for locomotives the present month which will aggregate in cost fully $1,000,000. The Great Northern has ordered twenty-five passenger and ten freight locomotives. The Northern Pacific has ordered seventeen passenger and the Burlington five freight locomotives. This order for fifty-seven locomotives for the foregoing Hill lines is the largest received this year with the exception of a recent Harriman order for 105.

The New York Central lines have published a statement of their freight traffic on their lines crossing Indiana, Ohio and portions of other states. The Lake Shore in July handled 333,204 loaded cars; the Big Four, 193,472; the Michigan Central, 195,893; the Lake Erie and Western, 42,921; the Chicago, Indiana and Southern, 28,606; the I. H. Belt, 28,570; the Cincinnati Northern, 7,661; a total of 830,417 loaded cars. This was an increase in loaded cars over the year 1908 of 127,255.

DR. HARDMAN, SPECIALIST

I CURE PELVIC, NERVOUS AND CHRONIC DISEASES

The first questions to be considered are: Do you want to be cured? Do you want to enjoy life as you should? Do you want to be happy and to impart to your friends and loved ones the sunshine of happiness that can only come about through having a sound body and a healthy mind? Do you think you can afford to carry an additional burden when you can rid yourself of it?

You are not only causing yourself much unnecessary suffering by neglecting your health, but your loved ones and those dependent upon you are bound to suffer to a greater or less extent by your inability to use your talents as you should.

EVERY MAN who does less than he should do at his desk, in the shop or on the farm is weak in some way. I have found the man who cannot accomplish all he expects or hopes for is often the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body.

These neglected or unknown conditions are usually diseases of the pelvic organs which reflexly act on the organs of digestion, of elimination and the nervous system, which in turn has its influence on the brain. I have made a special study of the nervous system and have perfected methods that will CURE Pelvic Diseases.

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now cured and satisfied and are enjoying the blessings of health.

Many of these I have cured after they had sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

I have spent years in the study and treatment of Pelvic, Nervous and Chronic Diseases and have perfected methods which will not only positively and permanently cure these chronic and deep-seated diseases, but will restore to a normal and healthy condition the broken-down and devitalized organs.

DID YOU EVER STOP TO CONSIDER WHAT IT COSTS YOU NOT TO ENJOY GOOD HEALTH?

Think it over and consider if you can afford, as a matter of business, to neglect yourself and risk FAILUR because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some PELVIC OR CHRONIC disease, which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted; if I accept your case I will positively cure you.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions. That I have, beyond a question, the best business of my kind in the state, and the hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.

In this day of active competition to attain that measure of SUCCESS for which we were intended it is absolutely necessary that all the faculties should be unimpaired.

I REPEAT, NO MAN CAN AFFORD TO RUN THE RISK OF FAILURE BECAUSE OF BEING HANDICAPPED BY DISEASE—READ THIS

Here are several letters from among the many I have on file in my office. Would you not like to be one of the many whom I have cured?

Fort Wayne, Ind., March 8, 1909.

DR. HARDMAN:

Dear Sir: On October 13, 1908, I came to you for an examination and was told that I had Prostatic Enlargement and that you could cure me. I took you at your word and am glad to state that I am now a well man and am satisfied and thankful.

Before I came to you I treated with a number of prominent doctors and specialists for several years, but they did me no good whatever.

It has now been three months since I have been cured, and I cannot feel too grateful for what you have done for me, and I would gladly recommend you to any sufferer who desires to be cured.

Respectfully yours,
JOHN L. TILLMAN.

North Manchester, Ind.

DR. W. E. HARDMAN, Fort Wayne, Ind.

Dear Sir: I wish to certify that after your treatment for Hemorrhoids, with which I had been afflicted for four years, I have never been bothered in the least by a recurrence of the trouble.

It has been three and one-half years since you cured me, and I cheerfully recommend your services to all who may be in need of same.

Sincerely yours,
MRS. A. I. GOLDSMITH.

Decatur, Ind.

DR. W. E. HARDMAN, Fort Wayne, Ind.:

I have been afflicted with bladder trouble and prostate enlargement for fourteen years, and, although I have consulted with and been treated by a number of physicians, I have received no benefit whatever until I began treatment with you. I can truthfully say that I consider myself almost a well man. I have taken your treatment less than three month and am confident that whenever you undertake to treat a case you will accomplish a cure.

If my experience will be of any benefit to any sufferer I can cheerfully and conscientiously recommend the service of Dr. W. E. Hardman, as I believe he thoroughly understands every detail of his business.

H. V. SPRAGUE.

DR. HARDMAN:

Dear Friend: In reference to yours of recent date I wish to say to the public or those who are afflicted with any chronic diseases that they cannot afford to pass your office and suffer.

I, for one, know whereof I speak. Having been afflicted with a very troublesome chronic disease of many years' standing, I have spent much hard-earned cash in my efforts to get well, but until I began treatment with you I received no benefits whatever. While I am still under treatment with you, I feel practically a well man.

I would gladly answer any questions or letters of inquiry concerning you or your methods and assure you that I cannot praise you too highly for what you have done for me.

Very truly yours,
G. W. CONN.

OTHERS TREAT, BUT I CURE

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

ECZEMA and other skin diseases quicly cured.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but my many years of experience in the treatment of nervous and pelvic diseases enable me by my special methods to revitalize the entire nervous system and to restore to perfect health nearly all sufferers from NERVOUS BREAKDOWN AND VITAL WEAKNESS.

EXAMINATION—My facilities for examination are unexcelled. I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken-down nervous system and many more of the troubles of the STOMACH, LIVER, KIDNEYS, ETC., are reflex and are the direct results of some PELIC LESION OR DISEASE.

PROSTRATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all adults are afflicted to a greater or less extent by the disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

MOTORCYCLE ENDURANCE RUN.

Almost 100 Starters in Run From Cleveland to Indianapolis.

Cleveland, Ohio, Aug. 10.—Under ideal weather conditions the annual start of the endurance run of Federation of American Motor Cyclists was made from here today. Indianapolis is the finishing point.

Ninety-nine entries were at the tape when the official car left to spread the route with confetti to guide the riders. The first four contestants were sent off at 6 o'clock and others followed in divisions of four at one-minute intervals.

The riders were expected to cover an average of twenty miles an hour. The first stop was at Coshocton, Ohio. They are to arrive in Columbus early this evening. Wednesday morning they will resume the trip, stopping at Dayton, Ohio, and Richmond, Ind., before completing the trip to Indianapolis.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicag, Ill., Aug. 10.—The government crop report, which was made public yesterday and which indicated record breaking yields of wheat, corn and oats for this country, inspired renewed selling of the leading grains on the board of trade today, resulting in further sharp declines. The wheat market displayed the greatest weakness and at the opening prices were ⅜c to 1⅜c below the final figures of the previous session. In the first few minutes prices declined still further, September selling off to 97⅜c, after opening at 98c to 98½c, while December broke to 94⅝, following opening quotations, ranging from 95c to 95½c. Weak cables and continued favorable weather in the northwest were additional bearish factors.

Sentiment in the wheat pit was bearish all day, although the market rallied at times on covering by shorts. For September the low point was reached at 97⅛c and for December at 94⅜c. The market closed easy with September off 1⅛c at 97⅝c. December was down 1c at 95@95⅛c.

Pit traders and commission houses were moderate sellers of corn and sentiment in the pit was bearish early in the day. Hot, dry weather in many parts of the corn belt, however, tended to steady the market. At the start prices were a shade higher to ⅜@½c lower, September being at 63¾@64c. After selling at 64½c, September dropped back to within the opening range.

A firmer tone developed during the last half of the day, owing to buying by shorts, based on the hot weather scare, the distant deliveries showing the greatest strength. The close was irregular with September off ½@⅝c at 63½c and December up ⅛@⅛c at 55¾c.

Trade was broad and active in the oats pit and the market was weak. Constantly increasing volume of receipts was one of the leading influences. September opened ⅛@¼c to ⅜@⅝c lower at 36c to 36⅜c and for a time held within that range.

Provisions were dull and easy, the heaviness being due chiefly to the weakness of grain. Prices at the opening were 2½@5c to 17½c lower.

The Close.

Prices at the close were as follows:

Wheat—September, 97⅝c; December, 95@95¼c; May, 98⅜c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Aug. 10.—Active dealings characterized the opening of the stock market today and the movement of prices was somewhat irregular, but the gains largely outnumbered the declines. Louisville & Nashville, Atlantic Coast Line and Rock Island preferred rose 1½, Union Pacific and Denver & Rio Grande preferred 1¼ and American Smelting 1 and Denver & Rio Grande ⅝. Canadian Pacific ran off 1¼ and New York Central ⅝ point.

The price movement became variable, but was generally narrow. The railroad list showed an inclination to run off except in a few strong spots. Vigorous buying of the copper stocks caused a general rise later. Rock Island preferred was extensively bought, but the common was quiet after the opening advance. Some large buying orders were also executed in Southern Railway. Rock Island preferred gained 3¾, Amalgamated Copper and American Smelting 1½, Pullman 1¼ and Chesapeake & Ohio, Denver & Rio Grande and Great Northern preferred and the Ore Certificates 1 point. Central Railroad of New Jersey declined 5 points, National Biscuit 1¾ and American Cotton 1.

Prices dropped on very dull trading until some of the earlier gains were wiped out. A later hardening movement brought Wabash preferred, Chicago & Alton and Anaconda to a point over last night. Iowa Central preferred rose 1½. Bonds were steady.

The market continued to show heaviness in spots, particularly Reading and Southern Pacific. Some inquiry for St. Paul imparted a steadier tone to the list afterwards. St. Paul advanced 1 and Consolidated Gas 1⅝.

Delaware & Hudson and Chicago Great Western yielded 1 point.

The market was listless and apathetic during the afternoon and fluctuations did not exceed a small fraction. Pressed Steel Car preferred rose 1 and American Woolen dropped 1 point.

The market closed easy. The late dealings failed to show and revival of activity and the tone continued rather heavy. United States Realty declined 1 point. Louisville & Nashville and Hocking Valley receipts advanced 2½ points. The declines in Reading and New York Central reached nearly a point.

THE MONEY MARKET.

New York, Aug. 10.—Close: Prime mercantile paper, 4 to 4½ per cent; sterling exchange, steady, with actual business in bankers' bills at 485.10@485.25 for sixty day bills, and at at 486.55 for demand; commercial bills, 484¾@485.

Bar silver, 50⅞c; Mexican dollars, 44c.

Government bonds, easy; railroad bonds, irregular.

Money on call, easy at 2½ per cent; ruling rate, 2¼ per cent; closing bid, 2 per cent; offered at 2¼ per cent.

Time loans, strong; sixty days, 2¾ per cent; ninety days, 3 per cent; six months, 4 per cent.

LOCAL MARKET EPITOME.

Local wholesale produce receipts were barely heavy enough this morning to avert a blank market. The few that were on hand were in potatoes mostly, the article selling at 55c and 65c per bushel. The quality is not good, resulting in the variance in price. Eggs are easy at 20c, while there is no change in the butter market. There is still a demand for choice apples, but there are very few of that kind arriving.

The retail market today was only fair. Little is looked for tomorrow though there will be good demands for apples and good country butter at the quoted figures.

Grain prices remained the same today.

FORT WAYNE MARKETS.

HOLDING HIS OWN.

Rev. Father Hellhake, Critically Ill, Battling for Life.

Rev. H. A. Hellhake, pastor of the Catholic church at Sheldon, who has been very critically ill for several days, appears to be holding his own, though physicians say his recovery is a matter of very grave doubt. Two weeks ago he became ill from pneumonia, and when some slight improvement began to manifest itself the patient sustained a stroke of paralysis.

Our Great Half Price Sale will begin Thursday morning at eight o'clock. Our store will be closed all day tomorrow.

CITY BREVITIES.

An address on "Waterways" was delivered by C. S. Bash before a large crowd of Sunday school picnickers in Jennings' grove last Saturday.

The finding of Acting Coroner Morse Harrod in the ecase of Charles Snowberger, the orphan boy who lost his life in the St. Mary's river, is that he came to his death by accidental drowning.

CURED HAY FEVER AND SUMMER COLD.

A. S. Nusbaum, Baltesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicine which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Dreier Bros.

SEVEN CASES THUS FAR.

Many Bank Employes Will Line Up Before Judge Anderson.

Deputy United States Marshal Alonzo Boyd, of Indianapolis, arrived in Fort Wayne last evening to formally arrest Frank H. Nicolai in the event that the defaulting Auburn assistant cashier should change his mind and fail to appear voluntarily before United States Commissioner Logan. The accused man had already given bond, however, before Mr. Boyd arrived and there was no need for his services.

Mr. Boyd said that up to the present time seven former bank employes are scheduled to line up before Judge Anderson in the federal court at Indianapolis in November. Of the seven cases, Indianapolis supplied three, Terre Haute one, Tipton one, Fort Wayne one and Auburn one.

People with chronic bronchitis, asthma and lung trouble, will find great relief and comfort in Foley's Honey and Tar, and can avoid suffering by commencing to take it at once. Dreier Bros.

POE NEWS.

[Sentinel Correspondence.]

Poe, Ind., Aug. 10.—Dr. and Mrs. W. W. Swartz and children, of Auburn, were callers on friends here Sunday. They spent the noon hour with Mr. and Mrs. Marion Smith. The doctor was formerly located at this place. The trip was made in an auto.

The Friedheim band held a picnic Sunday p. m. in the picnic grove near the church.

C. E. Morton and family Sundayed with Mrs. Morton's parents, Mr. and Mrs. George Adair, of Hoagland.

About 125 persons from Poe and Hoagland took advantage of the excursion rates on the interurban last Saturday to Robison park.

The Zion Sunday school of Echo will hold its annual picnic next Sunday, the 14th.

Mrs. Fred Miller and daughter, Mrs. Schiefel, of Fort Wayne, are visiting relatives in the country this week.

Mr. and Mrs. C. N. Fuhrman and daughter Viola spent Sunday with relatives in the city.

TAKE NOTICE.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. Dreier Bros.

ROBISON PARK IS CHOSEN.

Labor Day Celebration This Year Will be Held There.

The Fort Wayne Federation of Labor, at its meeting Monday evening, endorsed the action of its committee in the selection of Robison park as the place for the Labor Day celebration this year, and the observance of labor's holiday will be held there. Under the contract the Proctor-Bulger-Franklin Amusement company will give the federation a sum not to exceed $100 to defray the expenses of a speaker, and will donate to the federation one-tenth the day's receipts from the attractions owned by the park management.

The federation also endorsed and adopted the slogan, "Fort Wayne With Might and Main."

THE RECENT STATEMENTS published by the banks of this city should be highly gratifying to every citizen of Fort Wayne as well as to every customer of these successful institutions. Since the statements published on November 27, 1908, the four national banks of the city show an increase in deposits of $795,395.36, and of this amount this institution shows an increase of $335,719.37, or over 42.2 per cent of the whole.

We invite correspondence or interviews with banks, manufacturing and financial institutions, firms and individuals with a view to new business. The man or woman with the small accounts may be assured of as good treatment as the institution with a large account. We pride ourselves on giving a square deal to every customer, large or small.

We Want to Place Our Adjustable Shade Bracket

in every home in Fort Wayne and in this manner convince the people that we have one of the very best articles on the market today, in the way of a Shade Bracket.

We have reduced the price to 5c per pair—look at your woodwork and see how it is all marred up with the old-style bracket—especially, if you rent out your homes. One tenant will put brackets one place when house is vacated—the next tenant will put the shade bracket either just above, a little below, or, perhaps just outside the holes that are already made in the woodwork—by and by you will see nothing but holes and no place to put on small brackets any more. Your woodwork is ruined—now look at the cut of this bracket and you will see the difference between the old style bracket and the Adjustable Shade Bracket, they will last you a lifetime—no need of ever removing them after you once place them on your woodwork—for you can adjust this bracket to fit any width of shade. It is so simple that a child could do the work.

After brackets are placed on the woodwork, you unfasten small screw, adjust bracket to fit the width of your window shade, then tighten up screw again. It not only saves your woodwark, but your shades will last twice as long. When shades are properly hung, the edges will not wear out and shade cloth will not crack. Try them and be convinced that what we are telling you is the truth. Buy Treep's Adjustable Shade Bracket and you will use no other.

When you are down town, stop and look at the large display of brackets in our window, at the Wayne Paint & Wall Paper Co., 714 Barr St.
